Micro-Membership WordPress Plugin PRIVATE LABEL RIGHTS INCLUDED! Micro-Membership is a simple, inexpensive WordPress plugin that does everything you need your membership site software to do. It turns your gorgeous, easy to manage, FREE WordPress site into a well-protected membership site that fully automates your membership system from the user registration to confirmation of payment and account activation! The real benefit of this plugin is that it seamlessly integrates PayPal or ClickBank payment processing into your blog allowing you to charge for content and automatically collect payments from your users. Fully Automated Membership System Micro-Membership fully automates your membership system from the user registration to confirmation of payment and account activation.

Micro-Membership integrates with the subscription and notification services of both PayPal and ClickBank to fully automate the subscription billing and payment process. Micro-Membership generates the required PayPal or ClickBank Subscribe buttons on the fly, so you don't need to add or change any WordPress code. Fast Activation & Install Micro-Membership installs just like any other WordPress plugin. You can use WordPress's Manual installation process or you can install the old way - using FTP to place the plugin in your WordPress plugins directory. Three (5) Membership Levels Micro-Membership creates and manages three payment levels: Free - the user has registered thru WordPress but has chosen not to pay for a subscription Standard - the user has paid for the standard subscription Premium - the user has paid for a premium level subscription Executive - the user has paid for an executive level subscription Elite - the user has paid for an elite level subscription You don't have to implement all five subscription levels; for example, you may only use the Paid subscriptions. That's fine Micro-Membership still works great.

Flexible Subscription Subscription Intervals You can set how often the PayPal or ClickBank subscription service will automatically collect payments, anything from 1 day to 9999 years. Content Teasers and Content Protection With Micro-Membership every post or page of your blog can have a mix of unprotected text (content everyone can view) and protected text (only viewable by registered users at the proper subscription level). This allows you to create teaser text that everyone can view but hide the remainder of the content from users who have not paid to see it. Start Your Own Affiliate Program

Micro-Membership fully integrates with ClickBank allowing you to recruit an army of ClickBank affiliates to promote and send traffic to your membership site. \_\_\_\_\_ Visit My Store For More Deals!!! ebooksheaven.tradebit.com \_\_\_\_\_
