From The Desk Of: [Your Name] Date: June 2010 Subject: Breaking News! Dear Frustrated Blogger, If you've been bloggin' with Wordpress for a while, then you've probably found out that finding unique, exclusive Wordpress themes is not that easy. Sure, you can use one of the free themes out there, however they are already being used by LOTS of other people. So, where does that put you? Your next choice would be to get a Wordpress designer to create a unique theme for you. If you've ever done this, you know that this is going to set you back \$97+ I am afraid that those were your only options.... "But Wait!" Before you start doing that, lets just look at why you should use Wordpress. This script is a complete content management solution that comes free with most web hosts... WORDPRESS Here are just some of the awesome features already built-in.. Installs with just a few clicks. Allows you to create a website without knowing any HTML.
