Palm Reading Simplified By Wallace Easton Have you ever had your palm read? Did you find it fascinating and left you wondering how it was done? Learn a new hobby that might just give you a new career some day. Compared to some other disciplines palm reading is relatively simple to learn. Belief it or not it isn't just about figuring out which is your "life line." Palm reading is an ancient art that has changed little over the centuries. Even the most skeptical of us can be very surprised after learning just a little about the fascinating subject. Well, you're in the right place at the right time. "Palm Reading Simplified" is your ticket to an exciting new life. Who knows, you may even launch a new career. Wallace Easton is a professional palm reader who has prepared this guide for beginners. He has shared his knowledge and expertise with this must have primer for those who are interested in pursuing palmistry as a hobby, avocation or even as a career. Unlike some of the other disciplines such as astrology and numerology, palmistry is relatively simple to learn. Your skill is honed as you actually perform readings for people. Wallace takes you by the hand beginning his instruction with the basics such as the main lines and how to "read" them. He expands this discussion to include other important lines. You also discover how to analyze the actual structure of the hands you read and those findings may influence the overall reading. There are diagrams to assist you in your studies. If you are interested in pursuing palm reading beyond just a hobby, you will enjoy the chapter on doing just that. Plus, find out about: * The Head Line * The Heart Line * The Life Line * Relationship Lines * The Health Lines Listen, we could sit here and cite the contents of "Palm Reading Simplified" but the best solution is for you to grab your very own risk-free copy. We guarantee it! About The Author Wallace Easton Since he retired as a professional palmist, Wallace has kept his hand in with readings for friends and ex-clients without charging them. Some asked him to show them how to read palms and this book is the result. Its been road-tested by several people with widely different backgrounds, so he is confident that you can learn from it too. He focused on Palmistry without bringing in other interests like Astrology, Numerology or Tarot Reading. This will simplify your study and shorten the time it takes you to become confident about your ability. Sit back and enjoy learning from a professional palm reader!
