This is not your typical romance novel, it is an in-depth study about people; how they can seem plain in character and then become complex as the novel progresses. You really have to read between the lines to fully experience this novel about an heiress, her doctor father, and her suitor. Please Note: This book is easy to read in true text, not scanned images that can sometimes be difficult to decipher. The Microsoft eBook has a contents page linked to the chapter headings for easy navigation. The Adobe eBook has bookmarks at chapter headings and is printable up to two full copies per year.
