"Which of the Relationship Secrets within this book will change your life?" A great relationship can make experiencing the highs of life more exciting and the lows much easier to deal with. And when it comes to business, networking with powerful people can be the thing to take your success to a new level. There's just one problem... Creating close, meaningful relationships can be a challenge...or so it seems. Believe it or not, bringing amazing relationships into your life, whether they are personal or business-related, isn't difficult at all. In fact, it's easy...if you know how to do it. "What Could a GREAT Relationship Do for You?" This book contains advice on how to create powerful relationships that will bring more happiness into your life, give you the support you've been looking for, and make you money. You'll learn: • Tips to instantly improve your social skills (and eliminate "approach anxiety") • The secrets to dealing with difficult people (especially relatives) • How to quickly and easily establish more intimacy in romantic relationships • How to effectively (and calmly) win any argument - and instantly gain respect • A quick "litmus test" to determine if a relationship is beneficial to you • How to make contact with busy people and get their attention Over the years, personal development expert Steve Pavlina has given advice on how you can surround yourself with great people who will appreciate you, how to deal with difficult people, and how to develop strong romantic connections. His advice has helped hundreds of thousands of people to create empowering relationships and it will help you. Whether you want to meet new people, strengthen your current relationships, or make valuable business connections, this book is for you!
