"Road Rage, And Everything you Need To Know On How To Avoid And Overcome This Issue." Driving Your Vehicle Is Very Dangerous These Days. Get All The Information You Need To Know About Road Rage Right Here! Dear Fellow Driver: Remember how it you felt when you first got your drivers license? You had finally achieved independence. You were able to go where you needed to go, you had mobility, you were King (or Queen) of the road. It was a great feeling, wasnt it? Now remember the first time that another driver cut you off, pulled out in front of you, or flipped you the bird while you were driving. You probably felt frustrated and angry, didnt you? Road rage has come into the news within the last twenty years or so as a very real way of life for drivers on the road all over the world. When we are met with another driver who makes a not so smart move behind the wheel, we have a variety of responses that we are able to make. We can: Vent without retaliating Vent with retaliating Not vent but stay cool and objective Not vent and doing something else You see, there really is not much you can do about someone elses behavior, but there definitely is something you can do about your own. Road rage is very real and it can have devastating circumstances. You Owe It To Yourself To Read This Book Maybe youve never even thought about road rage and how to deal with it. These people didnt either: 27 year old mother of two Meeghan who cut off another driver on the highway and was followed to a mall parking lot where the other driver stabbed her to death 16 year old Jonathon who was run off the road by an aggressive driver and totaled his car 54 year old Suzanne who suffered third degree burns when another driver threw hot coffee through her window because she was driving too slow They didnt think about road rage before these incidents happened to them. They had to learn about road rage the hard way. You Dont Have To This incredible new book Road Rage: Own The Road With Defensive Driving contains all of the information you need to know about road rage and aggressive driving without having to learn it first hand. Drivers education courses do people a dis-service to those who are taking the classes. They dont cover information like what to do when confronted with an angry driver or how to react when another driver behaves irresponsibly. They teach you how to drive, but they dont teach you how to drive defensively This Book Does The media has made road rage a part of our everyday lives when they report

incidents that occur on the roadways. However, it's been around for years and years. Unfortunately, our ways of dealing with bad drivers have become increasingly violent and more deadly than in previous years. Road Rage: Own The Road With Defensive Driving takes information from experts and people who have been there to teach you how you can deal with your own road rage as well as that of others. This book will show you: The difference between aggressive driving and road rage How to tell if you have a tendency toward road rage yourself Ways to stop your own aggressive driving Methods that will help you control your reactions to other drivers How to drive with emotional intelligence And more! You see, it's up to us how we respond to other drivers and it's up to us how we train ourselves to respond. This book teaches emotional intelligence for the driver. This is a skill we can learn with some practice behind the wheel. The rewards for learning this new way are tremendous. You insulate yourself from negative stress on highways. You build up a positive highway community and you contribute to it. You are safe, happy, and smart. Road rage represents the culmination of an escalating sequence of aggressive behaviors doled out from one driver to another. This vigilante behavior has four levels of escalating retaliation: A single gesture, curse, or grimace delivered as punishment. Repeated exchanges of the same, together with diminished awareness of other sensory input, plus impaired judgment. Harassing the other driver through high beams, tailgating, halting the progress of their vehicle, edging them over, or abruptly stopping in front of him. Intentionally injuring the other driver's vehicle or person. You may be guilty of some of these offenses, and it truly is perfectly normal to have an angry reaction to another driver's infractions. When you let your own reaction escalate to that fourth level is when driving becomes dangerous. Road rage doesn't just happen. It's a response to a behavior that you can't control. What you can control is your own reaction. This book is a step toward becoming a better driver and a more courteous person when you're behind the wheel. Road Rage: Own The Road With Defensive Driving does so much more than just show you how to react to a bad driver. It tells you everything your driving instructor should have told you, but didn't. This book will tell you how to: Recognize and deal with a drunk driver Be safe while parking Drive on ice Drive at night Report an accident Deal with a fatigued or sleepy driver It's a truly comprehensive guide to learning how to drive defensively and control your reactions to other people who aren't doing the same as you. Road rage is frustrating. But It Doesn't Have To Be Anymore You could spend hundreds of dollars on seminars and/or counselors to learn how to deal with aggressive behavior. Some people do. With Road Rage: Own The Road With Defensive Driving, you don't

have to. What you will get with this book is a way to learn about driving styles and the best ways to combat those that make driving dangerous. The best part about this book is its price. Like we said, you could spend hundreds of dollars for similar information. You could spend hours on end searching for the information you need on the Internet, but why would you want to do that? I've Got Everything You Need Right Here In this exclusive offer, I am giving you all of this information for just \$5.00. You read that right - Road Rage: Own The Road With Defensive Driving is priced at just \$5.00. When you order now through my secure checkout, your book will be delivered directly to your e-mailbox. Once you read through it, I know you'll feel the same way I do that you're getting some amazing information on how to be a more defensive driver and avoid road rage from others and yourself! They don't, but I do. You see, Road Rage: Own The Road With Defensive Driving has helped countless people with their own aggressive driving habits let it help you too. This book is great for people of all ages. Buy it for your teen driver, buy it for your grandmother, buy it for yourself! Buy it once and share it with everyone you know! Road rage is a growing problem don't be another statistic. Protect yourself and those around you. Order today and get on the road toward better driving! Warmest Regards, Tracy Yates
