There's a great big online world of free, quality content out there, and quite frankly, you're probably missing out on a lot of it. But that's going to change, starting today! I've seen from first-hand experience how limiting and frustrating of an experience people have when they go online looking for information about a hobby, answers to questions, and even multimedia. You can change that today - right now! How would you like to:

- \* Discover a Web you never knew existed, bursting with things that you'll find useful, valuable, interesting, and entertaining?
- \* Put your time online into content-consumption overdrive - less time searching, more time finding and enjoying the things you want?
- \* Get help/how-to's/answers for all those projects you have on your plate?
- \* Make smarter decisions on the products you buy, and the things you invest your time and resources in?

Search is now the #2 most popular activity people do online. For some people, it's #1. Why? Because we're born to be information junkies. Our brains love to consume content - enjoy it, learn from it, and share it, and these days, the Web feeds that need like nothing else. The Web is overflowing with all sorts of great, quality content about any subject you can imagine. There are tutorials, ebooks, tips, audio clips, video clips, articles, news stories, discussion groups and more about everything from digital photography to Vietnamese cuisine - whatever you want - if you know where to find it and how to get your hands on it. When it comes to discovering quality content online, most people only scratch the surface of utilizing the power of the search tools that are available to them online.

InfoFinderPro - Your Personal 'Answer/Content-Machine'!

- \* Gives you one-click access to some of the most powerful search technologies on the planet, including specialized search engines that go way beyond what Google, Yahoo, and MSN can do
- \* Exposes advanced search capabilities that many search engines offer, but most people don't even know exist - and let's you easily tap their power to find exactly what you're looking for
- \* Increases the quality of content you find online - guaranteed!
- \* Is easy to use due to its unique, professionally-designed, intuitive interface - no clutter, bloat, or clumsy dialog boxes
- \* Saves you time - potentially hours a week, depending on how much you use it
- \* Gives you the edge in finding practically any kind of content you want on practically any subject you can imagine
- \* Makes

searching online an absolute blast! You never realized what amazing discoveries exist online for free

- bullet File/document Search Tools - The Web is

about more than Web pages. There are millions of documents available online too! Relevant PDF documents (ebooks), Word documents, PowerPoint presentations and Excel spreadsheets. InfoFinderPro will bring them to you.

- bullet Word Search Tools - What would you like to discover about a word: its definition, a synonym, antonym, quotations it appears in, words with the same meaning, words containing the same letters? It's better than having an English professor as your assistant.
- bullet Multi Language Search - Take your search around the world and discover content in the four corners of the Earth. With a click you can send your query to country-specific/language-specific search engines found in the United Kingdom, Canada, Australia, German, France, Italy, and Spain.
- bullet Public Domain Content Search Tools - Find great free content published by the U.S. government, public domain (free) content, and even 'secret' content that Google will give you that most people will never find on their own.
- bullet Health Search Tools - Everything from information about treating allergies and tips for getting great sleep, to the latest health news about a health topic, health videos, nutrition information and recipes.
- bullet Travel Search Tools - So, you're planning a trip to Rome? Or is it Hawaii? Or Sydney, perhaps? It doesn't matter! Enter the name of a location into InfoFinderPro and you'll be a click away from travel tips, sights to see, maps, webcams, pictures, videos, and even the local weather.
- bullet 'Life' Search Tools - Find tons of great information related to your house and home. Find answers to do-it-yourself projects (such as gardening, roofing, remodelling), discover just the perfect recipe related to an ingredient (onion, chocolate, BBQ, and others), learn about that new car you've had your eye on (Mazda 6, Nissan Maxima, Pontiac G6), and find pet-related advice, tips, articles and resources. ...This list could go on for a while.

Let's look at some of InfoFinderPro's other great benefits:

- bullet Related Searches - The related searches functionality is one of the most useful tools found in InfoFinderPro. (For example, when searching for the term 'weddings', InfoFinderPro's related searches feature will reveal to you all sorts of related terms you might find helpful, but may have not thought of on your own, such as: favors, invitations, photographers, ceremony, honeymoon, reception, registry, dresses, gowns, vows, showers, flowers, and jewellery, just to name a few).
- bullet Enter A URL - Get Relevant Tools - A URL is not just a URL. Use InfoFinderPro to quickly retrieve the current URL's Alexa ranking and other useful information that Alexa provides.
- bullet Find other pages on the Web with related content to a particular URL/site, find recent blog posts related to what's discussed on a particular URL, discover archived versions of a site.
- bullet Grab images, audio, video, PDF's and Flash movies found at a particular URL with ease - turns every site on the Web into

your personal information/media candy store! bullet Enter A Zip Code (US) - Get Relevant Tools - Enter a US zip code into InfoFinderPro's main search box, and instantly get links to maps, weather, movie show times, local news, census data, and more! Works great while at home or on the road. bullet Enter A Question - Get Relevant Tools - When you enter a question into InfoFinderPro's main search box, it detects that your query is a question, and it instantly displays links to a number of services/sites that are specifically designed for answering questions - not search engines, but answer engines. bullet Universal Bookmarking/Sharing Integrated - These days, as people surf around and find content that interests them, they either use one of the fantastic online bookmark managers available, or they share their discoveries with others via sites like diggor reddit.com. By integrating technology from AddThis.com, InfoFinderPro gives you one-click access to bookmarking or sharing the pages/content you discover virtually any way you choose. Much more... Get This Powerful Search Tool For Just \$14.95 That's not a typo - the price for this incredibly useful software is just \$14.95. InfoFinderPro is Windows compatible software System Requirements: Windows 98/ME/NT/2000/XP/Vista Minimum 500 MHz processor Minimum of 1024 x 768 screen resolution How is such a low price possible? Well, instead of charging some outrageous price, thus limiting who can experience and benefit from it, I'd rather get it into as hands of as many people as possible - yours included. I seriously consider it a great privilege to have a product that continues to have such a huge positive effect on so many peoples' personal and business lives and I want new users to feel as if I have, without question, over delivered a valuable, quality product that simply blows them away. With that in mind... Don't Miss Out On This Steal Of An Offer! NOTE: This is a test price, with the idea of creating demand for the product. If this goal is accomplished, the price may remain \$14.95. Otherwise, the price may increase at any time! Tags: image search, document search, web search
