Product Details--- Stop knocking yourself out to make money the hard way!... At Last! You Can Make Money With Google AdSense Without Having To Write One Word of Content! We Spent Thousands Of Dollars And Over 2 Months Of Our Time Creating A Unique Article Directory Script. You Can Now Run An Article Submission Site That Gets Other People To Submit Articles, Which Builds Thousands Of Google AdSense Revenue Generating Pages Without You Lifting A Finger Plus It Builds You An Email List At The Same Time! Dear Fellow Internet Marketer, Lets face it, making money on the internet can be a little bit confusing! There's no doubt that Google AdSense is a proven money maker, but getting content pages to put those ads on is probably the most difficult thing for any internet to do. Frankly, good content is one of the few things you just can't fake. Of course, some people will tell you can do fine without lots of new content on your site all the time. WRONG! Just ask them how much their last Google AdSense check was for. The numbers speak for themselves. Sure, there are lots of ebooks that will teach you how to become a maestro of AdSense, and there are books on how to get content written but learning all that information and then trying to get content takes time. A lot of it. I mean, you practically have to give up your job and start cranking out content full-time to make it pay off. Sound at all familiar? But then I got an idea I've gotten a ton of requests from people who want to make money with AdSense but who just don't have time to go chasing down fresh content every day. And I mean a ton. So many, in fact, that it made me think, How can I automate this process? It took time, but I came up with a script that lets you run a site that solicits articles from people, post them, and puts Google ads on every single one of those puppies. Think about it if you get 50 people submitting an article to you a day, after 100 days you have 50,000 articles, with Google ads on each one. We're Talking Serious Money Here! But wait, you say, why would people submit articles to your site for free? Well, it's pretty simple. Inside all of us is an approval-seeking being who wants to see his or her name in print. Admit it don't you smile just a little bit when you see your name on a nameplate, or a sports roster, or in a letter to the editor? Everybody wants to be a star. There's another aspect of human

nature that will make people send you free articles. When someone's passionate about something, whether they love it or hate it, they'll write about it for free just to get it out there where others will see it. But the biggest reason these people will submit these articles to your new Article Directory site is to be able to add their name and link back to their site at the bottom of every article! They know these articles will be copied from your article site and used by hundreds or even thousands of other people all the while getting their name and resource box links spread all an out the internet! So what my script does is take advantage of human nature. Sounds too good to be true? Well, it isn't if you have the right tool. The best part is while all of this is going on- other people are building your massive site for you, a little bit at a time just like the search engines like it! The Right (and the Wrong) Way to Get Free Content Getting people to write jillions of free articles for you sounds great, right? But there's one other thing to consider how are you going to keep track of all those people's work and how are you going to track your AdSense revenue? You need a back office system. And that's just what my script includes. Included is everything you need to run your own article web site and a fully functional administrative backhand to keep track of all your users, and also functions that would allow you to e-mail all your users as well. Plus you do not have to be a genius to run this system, the backend is just as easy as adding your content into by typing it into the provided boxes- You do not need to know a thing about html! BUT WAITTHERES MORE! Heres What All You Get In The Script 1. Absolutely everything you need to run your own turnkey article web site. 2. A fully functional administrative backend to keep track of all your users and articles! 3. Easy-to-use functions that let you e-mail all your users. Finally! A way to quickly and easily make thousands of high content AdSense revenue generation page all while letting others do all the work! If You have always wanted to be able to quit your day job and break into the Internet Marketing world building high content web sites is a great way to do it! Grab this incredible software now! You see, instead of compiling everything into a thick book that'll probably just gather dust on your shelf we've put everything in an electronic reference work that you can quickly and easily search for exactly what you need. Okay, So No You Must Be Asking Yourself How Much Am I Charging For A Tool That Can Turn You Into An AdSense Income Generating Machine, All While Running Your Very Own Article Directory? Honestly, I gave some serious consideration to bundling this into one of my other packages, along with my one-on-one mentoring package, and charging between \$1,000 & \$2000 a pop. But then as I looked into the logistics of doing that, it got complicated. I'd have to do a lot of extra work and right now I just flat out don't have the

time to put into any more personal coaching clients! The good news is that I'm not going to charge you anywhere near \$1,000, or even \$500.00 for that matter- In fact, your total investment for "Our Article Directory Website Scripts" is only going to be \$9.95.
