The COMPLETE Newbies Guide To Buying & Selling Ebooks On Ebay & The World Wide Web This is a brand new 63 page ebook in which I divulge everything I know about buying and selling ebooks on both Ebay and my own websites. The internet is an extremely powerful tool. Millions of people surf the internet everyday from all around the world. They run their businesses from it. They plan their holidays on it. They do their banking through it. They even even buy their socks on it! Thousands of them! The fact is millions of dollars are spent every single day on that thing we call the world wide web. But by far and away the single biggest thing available online today is . . . INFORMATION! People want, in fact people NEED, information. They will pay handsomely for the right information too. This is one of the reasons that ebooks have become so popular. What you'll be reading soon is an ebook, an information ebook. An information ebook all about how to sell ebooks via both Ebay and the World Wide Web. My name is Richard Fenn, Ebay Powerseller djrichardfenn. I have become a Powerseller simply by selling ebooks and software. Mostly other peoples ebooks and software at that! This in turn led me to build my own websites to sell ebooks and software from. I now have multiple websites from which I sell ebooks on various subjects and niches. As you can see from my feedback (over 7500 happy customers), I know how to sell ebooks! I've created this ebook for the beginner. I will teach you all about ebooks, how to create them and how you can profit from them. I will teach you about Ebay and how to use it to promote your ebooks and ebook websites. Would you like to become an Ebay Powerseller but you're not sure where to start? Have you ever thought about becoming an ebook seller but didn't have enough information on the subject to get started?
