"Send Your Sales Through The Roof With Powerful, Stunning Templates That Mesmerize Your Customer, Ooze Professionalism, Enhance Your Credibility, And Boost Conversions!" Instantly Gain Your Visitors Undivided Attention With The Most Complete, Professional Set Of Internet Marketing Templates Around! Are You LOSING SALES Because Of Unprofessional Graphics? A good first impression is CRITICAL to branding you and your product and making your customers trust you enough to give you their money. On the other hand, an amateurish or slipshod image can DESTROY rather than build your credibility. If you're paying a lot for your traffic and leads, you want to ensure that you're landing pages and sales letters are getting the best conversion rates possible. That requires a designer who not only understands your target market, but one who has a proven track record, and can provide graphics that are unique and professional. But don't take my word for it... Check out a few of the unsolicited testimonials I've received from delighted clients: "Lisa is one of the best web designers in the biz today. She does all my web work, I wouldn't do a project without her. She always knows the exact graphics to create to accent the project or offer and her work not only attracts attention but also increases your profits (it has for me!)." Tony Blake, Anthony Blake Online :: Entrepreneurial Success Forum "Hi! thanks for all your help! I ran the new opt-in page on Google. I am getting the highest click through that I have ever gotten!" David Roppo, VisionQuest Life Coaching "Lisa, I just wanted to send a big "Thank You" your way for creating one of the most amazing minisites and ebook covers I've ever seen for me, and for doing it in such a short amount of time. As a full-time marketer I'm extremely busy and when time is limited it's very hard to find a reliable designer to not only create a quality product, but to deliver it in a very short amount of time. You did both and you didn't take short cuts. You weren't happy until I was happy and I commend you for that! Outstanding job! You'll be seeing me again in the very near future!" Josh Spaulding, Ultimate Blogging Blueprint "Hi Lisa, I ABSOLUTELY LOVE the graphics!! I am over the moon with them!!!! They are FANTASTIC! You're an angel!" Vanessa Bsirsky, Sex Up Your Profile What Is The Point Of Using Graphics That Don't Do Their Job? I visit hundreds of websites a day, and those bland, "cookie cutter" websites barely have time to load before I've moved on to the next. Why? Because it didn't capture my

attention. I know you know what I'm talking about... You get email promotions flooding your inbox daily, and every link you click takes you to the exact same sales page, over and over... just different words. (yawn) You spend maybe 3 seconds there, hoping the copy snags your attention. Well, I don't know about you, but I'm FAR from being an expert copywriter. I need something more than "hot button" phrases and "emotional triggers". I have to count on what I am good at... and that's creating unique, professional, attention-grabbing graphics. So let's cut to the chase, and let me show you everything you'll be getting in the 244 Piece IM Templates Package: You'll receive 20 versions of each of the following: * Main Salespage template * Main Salespage template with an opt-in box in the header * Thank You Page template * One Time Offer Page template * Blank Page Template Here are some screenshots of the blue version of these pages: [Click here for examples of ALL 20 VERSIONS included!](#) But that's not all! You'll also receive: * Landing Page/ Squeeze Page Template (plain with opt-in area) * Video Landing Page/ Squeeze Page Templates (for both 425x344 and 640x360 size videos) [Click here for examples of ALL 20 VERSIONS included!](#) Sometimes you just want to place a video on it's own, or paste it into a web page, so I have provided these Video Boxes as well, in 2 different sizes: the basic 425px x 344px (YouTube video size) and the widescreen version of 640px x 360px. [Click here for examples of ALL 20 VERSIONS included!](#) I've also included a stand-alone opt-in box that you can cut-and-paste into any page (in all 20 versions!), a versatile testimonial box adaptable to video, audio or text; as well as a bullet, an arrow, a checkmark and an order button: [Click here for examples of ALL 20 VERSIONS included!](#) The "244 Piece IM Templates Package" will be provided "ready to use" in HTML format. All you need to do is open the pages in your favourite HTML editor and type in your copy! With the Video Page Designs, all you need to do is embed your video code! The opt-in boxes on the Squeeze Pages require a tiny bit of editing to add your autoresponder code. How much is this going to cost? I usually charge \$97 for a basic package, which only includes one sales page, a generic opt-in box, a payment button, a background and a basic testimonial box. However... For a Limited Time Only, I am offering ALL 244 Pieces of this Premium, VIDEO-READY Template Packages At A MASSIVE Discount! But That's Not All! Drive traffic to your sales pages with your own WordPress blog using one of the complimentary themes here! ALL 244 Pieces of this Premium, VIDEO-READY IM Template Package PLUS 14 Complimentary WordPress Templates Can Be Yours For Only \$10 Claim Your Copy Today! But That's STILL Not All! While video is the latest craze to hit mainstream marketing, truly innovative marketers have taken it one step further - streaming

LIVE VIDEO using cutting-edge free services like USTREAM.TV and JUSTIN.TV! I've been using both services for quite a while now, and I personally prefer USTREAM.TV. One of the benefits of this service is that you can embed streaming video right into your web page, as well as an interactive chat with your visitors! The service also allows private, password-protected streams, recorded and stored videos, uploading to online video services, and so much more... and it's VERY simple to use! If you can use a webcam, you can use USTREAM.TV! The basic embed codes provided are useful, but very bland... So today you have the opportunity to grab the very first set of USTREAM.TV Templates! I have created two different templates - one vertical, one horizontal. And for each template, I have provided 5 colours: Blue, Ruby, Olive, Green and Smoke. All of these templates are provided in "ready to use" HTML format, ready to insert your embed codes! Each template also provides several social bookmarking options that are very useful in sharing your content, and I highly recommend signing up to these services so that your visitors may utilize the links.
