When some people see the word Article or "Article Marketing" they go into panic and shut down. I can understand this as the thought of writing articles can be daunting. When you think of articles as just another form of content. You do not need a degree in English to be able to write articles and run your own article marketing campaign, anyone can do it and The Article Helper will help you. The Article Helper will help you get started and also help you stay on focus. This neat software tool is meant to, as the name implies, help you write articles. It will put your "in-progress" and completed articles all in one spot, you can organize them by word count, title, niche. Rights to ArticleHelper: [Yes] Can be given away. [Yes] Can be packaged.
