

Short Play Scripts Online, Royalty Free Female Friendly

[DOWNLOAD HERE](#)

Great collection of short play scripts for women. If you are involved in drama or acting, you're probably aware of these issues: - You tend to have more actresses than actors - Plays tend to have more male character than female characters - Royalties can be prohibitive and very expensive and sometimes difficult to manage. That's where this collection of one act plays comes in. There are 16 plays in this collection. At least half of the characters in every play are female. In fact, 5 of the plays have female only casts and are plays for women only that's very difficult to come by! The other great thing about this collection is that the plays are all royalty free. That means they can be performed BY ANYONE in any situation without having to pay out a cent in royalties. These plays for women cover many different styles of performance. Most are dramas that can allow the actresses to shine. They are diverse in their subjects, themes and voices and give the performers to explore different styles of performance. The short format of these plays for women allows you to explore the possibilities and unleash your creativity. It's a great way to showcase actors appearing on the same program in different roles. This book is electronic and delivered to you in PDF format. That means that, once you play, you will have your book delivered to you almost instantly. Also, it doesn't matter what operating system you are using. So buy now and explore the theatrical possibilities!
