Dog Training Techniques How to Have a Happy, Obedient, Well-Behaved Angel of a Dog in Four Weeks or Less And Enjoy Every Tail-Wagging Minute of The Worlds Most Effective Dog Training Techniques! Congratulations! You and your dog are about to embark on a wonderful journey together - a rewarding adventure that will bring happiness to both of you for years to come! Dear Dog Lover, Wouldnt it be great if all puppies and dogs arrived pre-programmed to instantly do whatever we ask and act like obedient little angels instead of well animals? As crazy as that sounds, heres something even crazier: expecting our furry four-legged friends to ignore their instincts and change their natural behavior simply because its what we want them to do. Think about that for a moment. How realistic is it to expect a dog not to act like a dog? Dogs naturally chew, bark, dig, run, slobber, poop, playheck, sometimes they play in poop! They can be so uncivilized! Fortunately, your dog is one smart puppy. He can be taught to overcome his dogness. Your Dog Wants to Learn Every dog (even yours) is an eager and willing student. He is not only able to learn to stop doing what comes naturally and start adopting the strangest behaviors (from his perspective), he loves to learn these things. So why are so many dogs disobedient, destructive dummies who wont behave? Some are not only disobedient, they become downright aggressive. Its not the dogs fault. Dog Training Isnt About Your Dog Despite what other dog training books, videos, and experts may say, dog training isnt about the dog. Its about you. My owner was driving me crazy! He didnt understand me at all, and we were making each other miserable. I was actually thinking of running away to join the flea circus when he found your training course. He discovered so many things hed been doing wrong! Now were learning together and having loads of fun every day! I give your training course four paws up! - Spike The Secret to Dog Training Success Here's the secret most dog trainers wont tell you (some of them dont even know it themselves): successful dog training is not about getting your dog to understand youits about you understanding your dog. Fortunately, you're one smart puppy yourself. Humans are smarter than dogs. Yep no offense to dogs, but even the dumbest blonde you know is smarter than the smartest dog you know. Thats good news, because if you want your dog to be a good studentto learn to sit, stay, heel, come, fetch; in short, to obey your every commandyou have to be a good teacher. To be a

good teacher, you have to understand how your student thinks. Because you're smart, this will be a breeze. All you have to do is follow the step-by-step instructions provided as part of this popular dog training course. Within a few weeks, your dog will be so well trained you'll be showing him off to all your drooling, envious friends. But it will require some effort on your part. For Dog Lovers Only Your dog loves to be with you. He loves to please you. That's why he'll be easy to train once you understand him. But if the feeling is not mutual if the idea of spending time with your dog, training him, playing with him, loving him does not appeal to you, this is not the course for you. If a dog is nothing more to you than a security system, fashion statement, or status symbol, you won't like this training course. Please go away. Now. Still here? Fantastic! You're our kind of dog-loving human! And don't worry. The effort will be fun; the result will be a well-trained, happy dog. Guaranteed. But that's not all. Our ultimate goal is to help you connect with your best friend in a way that will enrich your relationship for years to come. Our dog training course is an exciting new subscription service structured around a series of weekly training sessions. As a member, you'll receive a new lesson each week for you and your dog to learn together. You'll also get exclusive access to numerous special reports, and a never-ending supply of fresh dog-gone fun resources, information and stories on a variety of topics of interest to you and your dog. We may even throw in an occasional surprise or two! As you know, learning is a life-long adventure. While you'll have the basic training techniques mastered within a few short weeks, you and your dog will never really be fully trained. That's actually a good thing because you'll both enjoy the process so much, neither of you will ever want to stop learning! Side-Effect Warning! We do have to warn you about a possible side effect, though: you might get tired of hearing your friends asking How did you teach him to do that? But if you're willing to accept that risk, you've come to the right place. Our dog training system will provide you and your dog with a never-ending supply of training lessons, self-improvement tips, fun and amazing resources that you both will love. Guaranteed. So what do you say? All in favor of happy, well-trained dogs and owners beginning this enjoyable and helpful series right now, raise your paws!
