BONUS 1: Install Your Own Scripts Videos BONUS 2: Download Page Generator BONUS 3: PayLock Generator Did you know that the average cyber-thief can steal any of your digital products in less than 30 seconds? That means you could be losing money as you're reading this! Believe it or not, the reality is that sooner or later, your product will be accessed illegally unless you take preventive steps right now. You'll now be able to quickly and easily secure your Download or Thank You Pages with a script that is compatible with all popular payment systems: PayPal, ClickBank, 2Checkout, PayDotCom and many more. The E-Z Download Page Protector Features: * Customize 2 files and upload everything to your web server. * Does not use any complicated IPN or Talk-Back scripts. * Links expire based on browser session or x number of days. * No one will ever see the actual URL of your download page. * Installation and usage instructions included. * Includes PHP and HTML versions. When you make your purchase through tradebit we're going to include some valuable bonuses to help things go smoothly for you. Install Your Own Scripts Videos by Ameer Salin: This script is exceptionally easy to install but if you're not familiar with the process these videos will show you exactly how to get CGI & PHP scripts installed and running. Download Page Generator by Simon Hodgekinson: Automatically creates a hands free and non-spiderable Download or Thank You page in just seconds. Enter your info, click one button and you're done! PayLock Generator Encryption Software: This allows you to create encrypted PayPal buttons with a simple click of your mouse right from the convenience of your desktop, no more wasted time logging into PayPal. The only reason you should want to go into your PayPal account is to access all the extra money you'll now be making. 8*) Master Resell Rights & Sales Web Site: You may only need this to use on your own site but we're also going to include a complete sales page in case you decide you'd like to make some money from it as well. You don't have to do anything except upload the pages to your server, stick your name on the products and start making money. Thank you for purchasing the E-Z Download Page Protector. I do hope that your sales will increase because your product will no longer be available for free. Searches:html protector mrr
