Create Self Expiring Files, Add Password Protection, Redirects, Incorporate Entry Splash Pages And Exit Pop-Ups, You Can Even Use Your Own Icons . . . If You're Selling Or Distributing PDFs This Is A Must Have Tool! Dear Marketing Professional, Do you know who profits the most when other people give away their ebooks and special reports that you circulate to your customers, members or subscribers - You guessed it, They DO! These authors, publishers and guru"s are piling up the profits from backend offers and affiliate links built into their books (and fair play to them) - But wouldn't you like to take home a piece of that pie? Think about it, every time you distribute someone else"s PDF file in this way, each time you resell someone else"s reprint rights ebooks you help the creators pile on the cash - The good news is that from today - You can start adding to your own profits too! At last a quick and easy way for you to profit from the PDF files you distribute each day! With PDF Profit Lock You Can: Include your newsletter subscription form. Promote a sales page, an upsells or special Offer. Redirect readers to your affiliate links. Give readers access to help files or important information. Create updatable / related tips or news pages. Offer "Reader Only" discounts or exclusive special offers. But Wait A Second . . . Maybe you also write and publish your own special reports and ebooks? If so then the added security features included in PDF Profit Lock will be just what you've been looking for too . . . You can password protect your files, add expiry dates to them and send users to the web page of your choice once the times up - it's a great way to offer trial versions or review copies of your work. Wrap "em, Protect "em and Increase Your Profit Potential In Seconds: Create Self Expiring Files And Redirects. Use Password Protection For Security. Add Entry Splash Pages. And Exit Pop-Up Pages. Your Own Branding - Rename and Add Icons. Here"s A Few More Reasons Why You Need This Amazing Tool: The Splash Page Feature: When anyone downloads the ebook or special report that youve just profitlocked, they will automatically see your chosen URL displayed in the

application"s splash page. Great for advertisements, affiliate links, email capture forms. (you could update that web page online and show people new pages on a regular basis) The Exit Screen Feature: Set this option and each time the user closes your book or report they will be taken to the URL of your choice. A great way to use this would be to send someone to an affiliate site discussed in your book. You can select to use either of these great promotional features or even both together for maximum impact of your offers.

Create Self Expiring Files: Do You want to offer a free trial of your special report to your subscribers. You could offer an expiring file in exchange for a testimonial or review. Or create an ebook that is set to expire then redirect the reader to a payment link when a set date is passed. You could simply offer time sensitive information within your PDF"s and have the file set to expire whenever you wish.

Add Password Protection: A great security feature, create a permanent password lock for your files to make sure only those with a password will get to open them. Anyone trying to get in without authorization will get a polite "sorry - wrong password" message and they won"t be able to open the file.

Choose Icon Feature: One of the best ways to improve your business is through proper branding. That"s why PDF Profit Lock allows you to select your own icons to brand the file with - You can choose our default icon or use any 32x32 Ico file to make your reports recognizable as your own.
