

Contact My Members: Messages Reach Members

Tired of email messages not getting through, or remaining unopened? Discover How A Revolutionary (But Yet Very Simple) Tool Will GUARANTEE That Your Message Reaches Your Members Anytime, Every Time & Without Fail! All it takes is a simple quick install of "Contact My Members" and you can rest assured your message whatever it is gets through to your members. All of them. Think about it.

EVERYONE has a homepage the start page that is visited every time a new browser is launched. And your message will be right there, at the top of your members homepage impossible to miss. Your message will not interfere with their normal homepage. Your member will still be directed to their personal favorite Yahoo, MSN, Google, or whatever. But, the benefit to both of you is that YOUR MESSAGE will appear right at the top of the page. Not large, not blocking anything, but it will be there, right in front of your members eyes, guaranteed to be seen. Here is a screenshot of our "JV Homepage", which is made with the Contact My Members Script. Notice my "homepage" is STILL Google, same as before! Tags: php, im, plr, mrr
