Audio Book with Private Label Rights(PLR) - Flipping Websites For Fun And Profit -MP3! Flipping Websites For Fun And How To Buy A Website And Flip It For Profit. What does flipping a website have to do with getting traffic to your site? Lately, there has been a lot of buzz around flipping websites. And why not? The promise is that you can purchase a website for a low cost, fix it up, and resell it for a handsome profit. In that way it is much like the current trend in real estate. However, as we are dealing with digital entities there are some differences. First you have to find an existing domain. Either one that is for sale, or one where the owner would be willing to sell. This is where research comes into play. You will want to find a site that is in a good topic. In other words, one that already has some popularity - you want that part to be done for you. Remember, you are trying to maximize your profit, and minimize your turnaround time - not trying to build a loyal following in a completely new and untapped niche. You may grant resell rights to your customers for these audios.
