NOTE: No installation would be given. The price is only for the script. Google Search Engine(GSE).. packaged in a Wordpress theme! Proudly claim that your site has been acquired and integrated into GSE. The theme was created out of fun for the coming April Fools Day but Im sure you can find other uses for it. Its a pity that the sidebar ads used on the geniune GSE is not available in Adsense. The closest format is the 160?600 skyscraper. We also used Woogle as logo instead of Google for trademark concerns. Programming Language(s): PHP Database: MySQL
