

Wheels Of A Soul - P.s. Berg, Rav

In Wheels of a Soul, Rav Berg shows how the idea of reincarnation was for centuries either suppressed or ignored by religious and secular authorities. This is not just another New Age tract on "crossing over to the other side." This is the rediscovery of a principle that explains the reality readers experience every day, and gives them the tools to transform both it and themselves. Berg guides readers to questions that have compelled humankind for centuries: What is the purpose of life? How does one find the soul mate necessary to fulfill that purpose? How can today's events illuminate past lifetimes? What is the true meaning of fate, and how can the individual control fate through free will? Drawing on the world's oldest body of spiritual wisdom, this book not only educates readers, but also allows them to see the world from the perspective of eternity, inspiring them to radically change their present lives for the better.
