Have You Ever Seen Those Cool Little Corner Dog-Ears Like The One In The Top Right Corner? We Just Created New Peel Ads For Internet Marketers! A while back, a really neat script called Peel Away Ads was created by Richard Osterude and Harris Fellman. You can see their page [add your aff link here] I had seen these peel ads used on other pages before - but never used them. To me it looked pretty difficult to do, and honestly - I wasn't quite sure how people were getting that page peel effect when I first noticed it. When I finally ran across the Peel Away Ads script, the light bulbs went on, and I just HAD to try it. Once I bought the script, I wondered how difficult it was going to be to set these kind of pages up. However, on the download page they had walk through videos that teach you how to set everything up. To my amazement, it was surprisingly simple! When I did my first test page, and saw that the script worked beautifully, I got pretty excited. Ok, yes, simple things amuse me. :-) NOW - all I had to do was customize the peel ad graphics to go with my own websites. The script does come with peel graphics, and there are a couple different packages that you can buy, but I wanted my OWN. Graphic people are just like that I guess, everything has to be customized. As I began to create my own peel graphics, I thought... hey... maybe the Internet Marketing group would like the same types of graphics I'm putting together right now. IM Peels was born! Check out the thumbnails below to see the Peel Graphics that are included in this IM Peel Package:
