Our complete blueprint for how we average \$10K a month promoting Amazon products Welcome from Paula and Wanda [Paula\_and\_Wanda] If youre here, its probably because you heard about how we make a good living by promoting Amazon products. In fact, we average around \$10k a month. But it wasnt always like this. At one point we were madly adding 8 reviews a day to one of our blogs in the hope that it would somehow start making us a decent living. And we werent using any plugins either, we were writing those reviews ourselves from scratch. It brought in the traffic mind you, but it was tough work and in the end the conversions still werent that great. Then suddenly it dawned on us
