Twilight Series By: Stephenie Meyer (PDF) Twilight Bella Swan moves from Phoenix, Arizona to Forks, Washington to allow her mother, Rene, to travel with her new husband, Phil, a baseball player. After moving to Forks, Bella finds herself involuntarily drawn to a mysterious, handsome boy, Edward Cullen, who turns out to be a vampire who drinks animal blood as opposed to human blood. They fall passionately in love, and must fight off a clan of three vampires who are drawn to drink Bellas blood. Bella escapes to Phoenix, Arizona where she is tricked into confronting James, a sadistic vampire who wishes to kill her. Edward rescues her, and they return to Forks. New Moon Edward and his family leave Forks because of his belief that he is constantly endangering Bellas life. Bella falls into a deep depression, until she develops a strong friendship with werewolf Jacob Black. Jacob and the other wolves in his tribe must protect her from Victoria, an evil vampire who intends to avenge the death of James, her mate, by killing Bella. A misunderstanding occurs, and Edward is led to believe that Bella is dead. Edward decides to commit suicide in Volterra, Italy, but he is stopped by Bella and Alice. They meet with the Volturi and are let go on the condition that Bella be turned into a vampire in the near future. Bella and Edward are reunited, and the Cullens return to Forks. Eclipse The vampire Victoria has amassed an army of newborn vampires to battle the Cullen family and kill Bella. Meanwhile, Bella is forced to choose between her relationship with Edward and her friendship with Jacob. Edwards family of vampires and Jacobs pack of werewolves join forces to successfully destroy Victoria and her army of vampires. In the end, Bella chooses Edwards love over Jacobs. Jacob is devastated to hear of Bellas choice and of her decision to become a vampire. Breaking Dawn Bella and Edward get married, but their honeymoon is cut short by Bellas realization that she has become pregnant. Bellas pregnancy progresses at an extremely fast rate and makes her very weak. She nearly dies while giving birth to her and Edwards half-vampire-half-human daughter, Renesmee, but Edward injects Bella with his venom to save her life by turning her into a vampire. A vampire from another coven sees Renesmee and mistakes her for an immortal child, the existence of which violates vampire rules, and informs the Volturi. The Cullens gather vampire witnesses who can verify that the child is not one of the immortal children. The Cullens and their

witnesses convince the Volturi that Renesmee is not a danger to vampires or their secret, and they are left in peace. Midnight Sun Twilight seen from Edwards point of view. Main characters Bella Swan - The protagonist of the series, Bella is a perpetually clumsy danger magnet. She is often portrayed as having low self-esteem and not being able to grasp Edwards love for her. Bella has dark brown hair and chocolate brown eyes. An important trait of hers is her immunity to supernatural abilities that involve the mind, such as Edwards mind reading. After her transformation into a vampire in the sagas fourth installment, Bella acquires the ability to immunize both herself and others from mental harm caused by opposing vampires abilities. Edward Cullen Edward is a vampire who lives with a coven of like-minded vampires known as the Cullen family, who feeds on animals instead of humans. Edward has very pale skin. His skin is also rock hard. His eyes range from caramel brown to black. At first, Edward feels a mutual hatred toward Jacob Black due to his love toward Bella. In Breaking Dawn, he comes to see Jacob as a brother and a friend. Like some vampires, Edward has a supernatural ability; his gift is mind reading, allowing him to read the thoughts of anyone within a few miles of himself. Bella is immune to his power as a human, but learns how to lower this shield after she becomes a vampire. Jacob Black A minor character in the first novel, Jacob is introduced as a member of the Quileute tribe. He resurfaces in New Moon with a much larger role, becoming a werewolf and Bellas best friend as she struggles through her depression over losing Edward. Although he is in love with Bella, she initially sees him as just her best friend. In Eclipse Bella realizes that she loves Jacob as well, though this love is overpowered by her love for Edward Cullen. In Breaking Dawn, Jacob finds his soul-mate in Bella and Edwards daughter Renesmee, thus ridding him of his heartache for Bella. Setting The story is set primarily in the town of Forks, Washington, where Bella Swan and her father, Charlie Swan, live. Other cities in Washington briefly appear in the series or are mentioned, such as Port Angeles, Olympia, Seattle and La Push. Some events in Twilight take place in Phoenix, Arizona, where Bella was raised. Volterra, Italy is featured in New Moon, when Edward travels there to commit suicide and Bella rushes to save him. Jacksonville, Florida is mentioned in Eclipse when Edward and Bella visit her mother, who has moved there with her husband. Seattle, Washington is featured in Breaking Dawn when Jacob tries to escape his love for Bella, and when Bella tries to locate a man named J. Jenks. A fictional Isle Esme is mentioned in Breaking Dawn, where Bella and Edward spend their honeymoon
