Our tools package comes with easy to read and installation instructions that anyone can do regardless of your web programming abilities. Available in Windows and Mac formats. Instant Download!

**Delayed Popup** - An ingenious program that loads a hidden popup window outside of your visitors view. This hidden popup contains popup code that will load at different time intervals in different positions on your page. This code is designed to display more popups for the amount of time your visitor stays on your website. Great for making a sales pitch that packs a punch that does not annoy your visitor. A must have for any online business!

**Exit Butler** - This code will generate a prompt when a visitor leaves your website. It is useful to suggest another website for your visitor. A great revenue builder!

**Frameless Popup** - Add a little pizzazz to your website with a frameless popup window. Loadable automatically or by clicking on a link.

**Popunder** - Add a simple popunder to your webpages that will only load once per visitor per visit. This tool is awesome to show your visitor what else you have to offer when they close their browser. Promote your own product or someone else's to increase your website revenues.

**Rotating Banner** - Gain more exposure from your advertising with a javascript based banner rotator that displays different banners each time a web page loads.

**Rotating Homepage Popunder** - This code is designed to place a pop-under window on a webpage you specify. When that page loads again it displays a different URL in the pop-under that you specify. Promote your own product or someone else's to increase your website revenues each time your page is loaded!

**Tell a Friend** - Use this great tool to get your visitor's to tell others about your site. Your visitor just enters their friends email address and the rest is automated!

**Meta-Tag Generator** - This HTML/Javascript based tool is great to get repeat visitors to your website or you can use the tool to create meta-tags for your own webpages. Meta-tags are hidden lines of code that help your website get higher rankings in the search engines which means more visitors.

**Popup Window Generator** - This HTML/Javascript based tool is great to get repeat visitors to your website or you can use the tool to create pop-up windows for your web webpages in seconds. Tags: web
