

Shopping Cart Website Script

[DOWNLOAD HERE](#)

Create a Shopping Cart Website!! Our ecommerce store is a complete PHP/MySQL shopping cart system for your own products from DVD's to baskets and electronic products. The site use PayPal and Stormpay IPN for order delivery, direct to you for processing. FEATURES Increase your web sales! If you have a web store, make your customers shopping experience EASY for them. The Shopping Cart will keep track of which items your web store shoppers are interested in, automatically calculate sales tax, shipping/handling and the grand total. It has 3 Payment Processor Choices! (Stormpay, Paypal and 2Checkout) The cart can email out itemized receipts to you (the merchant) and to your customers. Easing the navigation and shopping experience through your web store and reducing confusion will help you increase your web sales! SUPER BONUS: Order now and receive MASTER Resell Rights so you can sell Shopping Mall Script and keep 100 \$\$\$ of the profits! You'll even get a copy of this sales page which you can easily customize!
