Just look at some of the many ways thieves could be stealing from you at right this very minute: * They could be stealing your PayPal download "return link" by simply clicking View, then Page Source * They could take and use your web page design and graphics by simply clicking File, then Save As * They could copy pictures, images and other artwork from your page, even those that are copyrighted, and use them elsewhere * They could harvest email addresses from your page and start spamming them * And much, much more! Clearly, You Need Protection You Need HTML Lockdown! Dont let thieves profit from your hard work and expense any longer get HTML Lockdown and close the door on online theft for good!

Heres how HTML Lockdown works: You simply select a file to be encrypted, enter a password and click on the LockDown! Button. Its that easy! Your page contents will be instantly protected including: * HTML code * JavaScript * VBscript * Text * Links * Graphics * And more! Thats Right, HTML Lockdown Makes It Impossible for People to Read & Steal Your Source Code & Other Important Content!
