The ebook is divided into two sections. The first presents a wide selection of mind reading Illusions and Psychological Illusions. The second part is an Introduction to Hypnosis. 104 total pages that contain step-by-step instructions on how to perform great tricks with cards, as well as some great hypnosis tips and scripts. Imagine being able to pick a card from a deck of cards that has been hidden at random by your friends. Step by step you will tell them the color, suit and finally the exact card they chose!. Wouldn't your friends be amazed by your wonderful magic? Or what about if you could read back to your family a sentence from a book they secretly chose for you to discover. Watch the expression on their face as you get it right word for word!. How would that feel if you could do this? Imagine being able to make predictions. For instance in a party you hand a guest an envelope containing three coins and ask them to take one and flip it up in the air. You then not only tell them the coin they chose but also which side up it landed. They will all be impressed by your amazing performance! That's just a few sample of the amazing things that "Easy Mentalism" could help you to do.
