15 Minute Lead Pg Creator System How To Create A Responsive Lead Capture Page within 15 Minutes & Triple Your Sales With Your Next Product Launch! Where would you use the "15 Minute Lead Pg Creator System" On any page you want to capture your prospects information! To build a list of JV Partners! To build a list of known purchasers who want to be notified of new releases! The software records the originating Referral ID together with the prospects details thereby ensuring that the JV Partner will always get the referring reward(s) no matter what product or announcement you make. How do you ensure this as happening? The form when submitted records not only the prospects name and email address it also records the referral ID and stores it into a database along with the prospects details. Now when ever you send a message out to all the subscribers the referral ID is embedded in the appropriate email. You have the option of not including the referral ID if the mailing does not warrant having it included. Let's recap so you really understand the underlying potential of using this script or something similar. You don't have a list. This script is a perfect answer for you, in that now instead of sending them directly to your web page or an affiliate web page... You set up a "Lead Capture Page" where they enter their name and email address and get the information on the subscribe page or in a confirmation email or both. Now you know who is interested and can email them as often as you need. You don't have a product. Excuse me! BUT, so what! Ever heard of ReSell Rights or Master Resell Rights. You know buying something that you can now say is your own. You don't have to be the creator. Just look around and see what's the hottest topic and then set up a "Lead Capture Page" for that product and then go find or get it. You don't have any JV Partners. Again... Excuse me! BUT, so what! Ever heard of getting to know the person you would like to Joint Venture with. Like joining their list or even their Affiliate Program. I am sure that after them seeing your name so often on their list, forum or as an affiliate. They will indeed take the time to register as a JV Partner when the time comes around. Just don't expect them to jump on board if you haven't given them a good reason too. Money is not the only key to getting JV Partners. It is what you can offer them that compliments what they already promote and market to their list that will get their attention.. Hang on Tom "theToolman" , I can do all that with an autoresponder!

That's fantastic. As I mentioned before you can use the "15 Minute Lead Pg Creator System" or anything similar. My personal experience when dealing with my customers and prospects is that they don't appreciate being put on an autoresponder to receive, well email everyday or whenever. The "15 Minute Lead Pg Creator System" ensures the personal touch and you can email them anytime you want as long as it is relevant. How many times can I set up the "15 Minute Lead Pg Creator System"? As many times as your little heart desires and on as many domains you own as you like. There are no limitations whatsoever! What do I get with my "15 Minute Lead Pg Creator System"? - Template Page showing where you can customize. - Php scripts for administering your Mysql Database. - Search for any member. - Mailing List Manager - Mail all members - Personalization for all outgoing email. - You will need to have access to your server to set up a mysql database and most hosts have php installed.
