(more about the bonuses later). That's 87 Stunning Templates, Plus Blank Graphics and .png Masters of the Video Squeeze Templates and a Cool Bonus Package Too! First, the minisite templates. These templates are color themed, with coordinated, matching headers and footers, color coordinated testimonial box, checkmark bullets and Add To Cart button. I've also pre-formatted the text content with a sales page format using dummy text. Easy to Edit I've made it easy to customize these templates. Don't want those graphic elements on those templates? Well, I've provided you with blank versions of all the minisite templates too, so you can edit the header and footer and put html text in them.

This blank template version retains the nice "vapor trail" effect I used in the header graphic. The header graphic is in the background so you can put any html text there. This blank version is like the first, but without any special graphic effect. The same easy editing applies here too. Want to Make Your Own Custom Graphic Titles in the Header and Footer? I've made that Super Easy too!. I've included blank .jpg and .png headers and footers for all the templates, so you can pop them into your favorite graphic editing program, design a cool looking title, and save the graphic into the "images folder", (or whatever folder you've named that contains your images), and SHAZZAM!! A cool, personalized header or footer. This package would be a steal at the price I'm offering this for already, but... Hold On There, Partner! I've Got Even More For You! Video is an amazingly effective tool in Internet Marketing. So much so, that a lot of marketers are using video in their Squeeze Pages. So I thought, "What they need are highly professional, unique, great looking Video Squeeze Templates!" So, guess what I did? Yep..... I've Included 40, Unique, Professionally Designed Video Squeeze Page Templates Yep. 40 of 'em! There are 4 basic themes. Free Gift, Free Membership, Free Report, and Free Video. Uniquely designed, they contain a text area in which you can add unlimited text, without changing the size of the template at all. Cool. They come in 5 different color schemes. There are 2 sets of these templates, which are identical, except each set has a corner graphic that displays different text. You can put in as much text as you want. Make your message as long as you need to.
