Make The Fault Seem Easy To Correct (Audio) !!Total Audio of more than 6 Hours!! + Bonus: The Written

PDF Ebook Itself You can go after the job you want...and get it! You can take the job you have...and improve it! You can take any situation you're in...and make it work for you! We are proud to present one of the best-selling books of all time, Dale Carnegie's perennial classic *How to Win Friends and Influence People*, presented here in its entirety. For over 60 years the rock-solid, time-tested advice in this audiobook has carried thousands of now-famous people up the ladder of success in their business and personal lives. With this truly phenomenal audiobook, learn: # The six ways to make people like you # The twelve ways to win people to your way of thinking # The nine ways to change people without arousing resentment And much, much more! This grandfather of all people-skills books was first published in 1937. It was an overnight hit, eventually selling 15 million copies. *How to Win Friends and Influence People* is just as useful today as it was when it was first published, because Dale Carnegie had an understanding of human nature that will never be outdated. Financial success, Carnegie believed, is due 15 percent to professional knowledge and 85 percent to the ability to express ideas, to assume leadership, and to arouse enthusiasm among people. He teaches these skills through underlying principles of dealing with people so that they feel important and appreciated. He also emphasizes fundamental techniques for handling people without making them feel manipulated. Carnegie says you can make someone want to do what you want them to by seeing the situation from the other person's point of view and arousing in the other person an eager want. You learn how to make people like you, win people over to your way of thinking, and change people without causing offense or arousing resentment. For instance, let the other person feel that the idea is his or hers, and talk about your own mistakes before criticizing the other person. Carnegie illustrates his points with anecdotes of historical figures, leaders of the business world, and everyday folks. --Joan Price

From an era when self-help books had genuine depth, Dale Carnegie's *How to Win Friends and Influence People* has influenced the world. No book in the self-help category matters more than this one. Learning to relate to people in the ways Carnegie instructs will help you personally as well as professionally. This book is a classic because Carnegie teaches timeless truths in timeless ways.

Eight Things This Book Will Help You Achieve

1. Get out of a mental rut, think new thoughts, acquire new visions, discover new ambitions.
2. Make friends quickly and easily.
3. Increase your popularity.
4. Win people to your way of thinking.
5. Increase your influence, your prestige, your ability to get things done.
6. Handle complaints, avoid arguments, keep your human contacts smooth and pleasant.
7. Become a better speaker, a more entertaining conversationalist.

## 8. Arouse enthusiasm among your

K.Williamson says... I think the title of this book may be misleading in that just about everyone can get along with people, and win friends. The part of the title that most people was is the ability to influence others especially in a way that makes them happy and willing to do what you ask. As a supervisor for a department of 50 people, I found it was easy to get people to do what I asked them because I was the boss. After reading How To Win Friends and Influence People, I was able to get people to do what I asked not because I was there supervisor, because they wanted to. In addition, I have always found that there are always some people (many times my supervisors) who completely lack people skills. Dale Carnegies book taught me how to work with those people as well. I highly recommend How To Win Friends and Influence People to anyone who wants to significantly improve their people skills and especially their ability to positively influence people. Great book! (Craig Mattice (Richmond, VA USA)) has this to say... After I graduated college, my father gave me this book to read so I wouldnt be so reticent. Wow, I read it one time and started implementing Dale Carnegies ideas at work and became very friendly with everyone. I wish I had read this when I was much younger. It would be a great book to read in school for English class. Dale Carnegie really teaches you that basic communication skills are all you need to win friends and influence people: \* Ask people what they are interested in and \* listen to their response (Julia M. Hernstedt) says.. I read this book in college and loved it so much then and wanted to read it now again in my old age (63) and find it is just as wonderful! I recommend it to everyone!
