They Call It "The List Building Bible" for a good reason Your List Building Problems Can Be Overcome ... FOREVER The List Building Bible Will Show You: * How to end the constant struggle with your List Building * How to end the worry that you'll never get a substantial list * How to ensure that YOUR list becomes a perpetual profit machine Hello, my name's Paul Walker and Im so glad youve come here for help and guidance. Arent you just sick and tired of the constant struggle trying to build yourself a list? The worry that you may never be able to get one; that everyone else seems to have one, one that makes them good money, and all you ever hear is the old, old adage that 'the money's in the list', but no real facts about how to grow your very own list. Im sure youve all seen the hundreds of Massive lists NOW!!! sites that promise you the earth and deliver you nothing maybe youve even parted with your hard earned cash in exchange for some 'wonder deal' that changed nothing for you, except your bank balance. Youre looking for answers, tips and guidance and all most sites do is try and sell you junk. But the truth is that all you really want to know is how to build a damn list (excuse my french but this is just so frustrating), or how to make your existing small list bigger ... and you dont want to be sold yet another junk product at 5 times the price it should be. THERE IS A BETTER WAY Now you can find out all about building your list and use some of our list building techniques while you get on with your life. You see, one of the big problems with nearly every 'how to do' guide thats available is that its designed to keep you hanging on. It will give you a lot of information but not quite enough. Why would somebody sell you a one off when they can sell you products over and over again? I mean, if you got your own list you wouldnt need to buy another product from them, right? Im going to break the mould here. The List Building Bible contains easy to follow, step-by-step instructions on how to build YOUR list from scratch to whatever size you want it to be.. You'll also learn about the not so good ways to build your list, for example, did you know that you're only likely to, at best, break even using P.P.C. for your list building, unless you are an expert marketer? Now listen carefully because were getting to the good stuff now! Using 'The List Building Bible' you'll learn about:- The Role of Building Lists in Internet Marketing Helpful, Free Methods of List Building Different Kinds of Lists Detailed Instructions on how YOU can build a List Opt-in and Double Opt-in List Building
