P.P.S. .diz? .diz files are just regular text files, you can open in your favorite text editor. The extension .diz is used to enable you to put the whole product AS-IS in a blog tool. This way you do not need to worry, that these lists/descriptions (=not-personal Finance-content) are published on your site. The blogging tool should only process .txt-files. Hence .txt is used only for publishable personal Finance content, but not for internal information. It is just used to make your life easier. Get 25 personal Finance PLR articles, #12 now!
