

Ebay Cashflow

[DOWNLOAD HERE](#)

eBay Cashflow This is the ideal website because your visitors can search all of eBay or browse the top categories from your website - not eBays site. The search results are displayed using RSS Feeds embedded with your affiliate ID. The RSS Feeds give you constantly updated content because auctions are always expiring. And when your visitor clicks a link -- and you know they will -- a new window opens taking them to eBay.com. If they buy something immediately or within seven days, you make money. If they register as an active user, you make money again. But Thats Not All. Your eBay Cashflow Site Includes ... eBay-Approved Direct RSS Feeds with your Commission Junction eBay Affiliate ID embedded in every RSS Feed. Constantly updated content because auctions are always expiring Your visitors searching the entire eBaysite and results displayed on your site Category browsing results are based on a keyword that you choose within that specific category, not the entire eBay site. Visitors search and Category keyword shows in Page Title and META tags Remind Me link - set up your autoresponder as a weekly reminder service for your visitors to explore new items Benefits of searching eBay without all the clutter All results links open a new window - visitor doesnt leave your site Bookmark This Site link to help with return visitors Editing capabilities: one config file to set your Commission Junction eBay Affiliate ID, Google AdSense ID, sidebar color, border color, page background color, number of results on page and Category keywords. If you know basic HTML and PHP 4.x, you can also edit the header graphic, entire sidebar, top links, page footer, top ad box, bottom ad box and even the design. Results from US eBay in US Dollars only - other versions upon request See the actual LIVE Site youre buying Now Heres The Real SECRET POWER Of This Site... How To Get 1,000s Of INSTANT Niche Landing Pages Use the Niche Keyword Finder method as outlined in the free instruction manual included with purchase. Then simply do a search on your eBay site. Copy the URL as your landing page and -- voila! -- a niche landing page. Next, login to your favorite PPC account, use their tools to find 5 and 10 cost per click longtail keywords and start your campaign to get traffic and commissions. With millions of products on eBay, the limit is only your imagination. For example, if you discovered scrapbooking is an affordable keyword -- or one of its longtails, type scrapbook in your eBay search box and this is what you will find. Here are some

more ideas for rock-bottom price niche keywords: cat condo, scented jar candle, gasoline scooter, curling iron, paintball gun barrels, conga drum, yoga mat bag. Let your imagination go wild! No more making niche site after niche site No more headaches writing, editing or submitting articles No more frustration and hassles with SEO (Search Engine Optimization) No more hours and hours wasted every week Remember, the strategy is to get targeted affordable traffic and profitable commissions. This fantastic method pinpoints what a person is searching and matches it exactly to what they want to buy. Landing pages dont get better than this! Your visitors will be impressed they land on precisely what they want and will most likely browse and shop eBay -- with your affiliate ID. Then when they close the eBay browser window, theyll come back to your site and maybe they will click on your AdSense ads -- or anything else you added. (Side Note: if you want to get popular fast, use keywords in the current news. Like ... Barak Obama, Hillary Clinton, Britney Spears, John McCain, Valentines Day, etc.) So How Much Money Can You Make? Make between 50 and 75 of eBays Revenue on Winning Bids or Buy It Now transactions. Make between \$25.00 and \$35.00 for each new eBay active user Make money every time your visitors click on an AdSense advertisement Plus anything else you add (you can edit the ad boxes, header, footer, top links or entire sidebar) Remember, top affiliates are making \$1,000s per month -- and so can you!
