FINALLY, IT'S YOUR TURN TO OUT-EARN THE ADSENSE CARTEL.... Beware of self-proclaimed "gurus" feeding you Bogus info that was out-of-date before they even wrote it... Insider Risks It All... To Reveal Tactics So Nasty... So Forbidden... So Downright Evil... You'll Suck a Billion Dollar Well Dry! Say goodbye to those \$10 AdSense checks... Say goodbye to the days of dropping \$1000's on PPC... Because you're just minutes from the secret weapon that will finally expose thousands of wealth-builders to... Google's Dirty Little Secret... ...paying for Adwords traffic that sucks every last penny of profits from your pocket... ...wasting your money on worthless e-books that claim to teach you up-to-date money-making techniques... ...blindly following the so-called "experts" who scream "AdSense is dead..." ...wasting your time on tactics that already stopped working LAST YEAR... ...letting Google Slap you around like a little girl... Finally Exposed: "The Insider Information that exploits a billion-dollar Google loophole... And A Fool-Proof System You Can Copy To Rake In The Cash..." Whether you're a newbie, seasoned AdSense pro or ClickBank affiliate, you need to stop what you're doing and listen. Because I am about to expose a dirty little secret - one that will allow you to get in on the "money-making conspiracy of 2008" and copy a step-by-step blueprint that they are fighting to hide as we go to press. This conspiracy explains why some "complete beginners" make more in AdSense checks than so-called veterans. It explains why affiliate marketers may never have to pay for PPC again. And, if you've tried to make "easy" money and failed... if you've lost your shirt with Adwords trying to get the targeted traffic you need... ... then you must read each and every word of this page, because... "You've Been Lied-To... And Ripped-Off... For The Very Last Time..." Finally... someone has uncovered the real-deal insider-secrets that once again... in 2007... turn a billion dollar industry into your personal ATM. If you give me a few moments, I will show you where the money is - and how to legally steal it. But let me be honest... At this point I might normally ask you to sit back, relax and take in every detail I'm about to reveal. But you won't be able to sit back. You're going to be on the edge of your seat for the whole ride. I guarantee. But before I continue, I should tell you that.... "The Black Mask Blueprint has nothing to do with..." Affiliate marketing - you will learn how a silent few make a killing promoting the same affiliate products as anyone else - but

the Black Mask method has nothing to do with affiliate marketing as you know it. Specifically, it has nothing to do with article marketing, pre-selling, review pages, direct linking, Google Cashing or any method you have been exposed to before.... BUT you will learn how to make far more in affiliate commissions than you ever did before. You won't have to write a single word of content, or ever pay for a single Adwords click again... AdSense - the secret is practically the complete opposite of the watered down, overused AdSense techniques taught by 99 of the mainstream. So forget about link building, content creation and the pathetic AdSense checks that ensue from such "goody-goody" practices. The secret shortcuts this world of low returns and hard work, and the results will shock you. But be aware: the secret has nothing to do with anything your favourite AdSense guru taught you - which is why the completely automated, unstoppable flood of instant high-yield traffic is going to stop you dead in your tracks. ".But the Black Mask Blueprint has everything to do with..." ...gaming the search engines for thousands of FREE clicks in a completely automated way. Black Mask is about milking a loophole in the Google algorithm that was open in 2006... is still open in 2008... but it might not be in 2009...

----- From An Undisclosed Underground

Location... Dear victim... Are you ticked off? Boiling mad as you watch your AdSense checks turn from hundreds... to dollars... to pennies? P\*ssed off about paying far too much for Adwords clicks that in the end don't make you a single dollar in affiliate commissions? Outraged about wasting your dwindling cash on the next big promise - in a long line of big promises? I get it, I understand. Because I was once where you are right now. In fact, it's taken me 18 months to write this letter... well over a year to "crack the code", to find a true Insider who can really teach the secrets of siphoning off thousands of free clicks from the search engines, with a workable zero-capital blueprint that anyone can copy and profit from.... And it doesn't matter whether you're starting from scratch, a seasoned AdSense publisher, or a frustrated Adwords affiliate. The loophole changes the way the "Google game" is played in 2007 - for everyone, beginner or veteran. Period. And I know you will be shocked at how quickly the results flow once you take advantage of the loophole. I know this for a fact for one reason: because I speak from experience.... Not too long ago, I tried every traditional trick and technique to make money with AdSense. I attempted to take my affiliate business away from Adwords to get the same clicks I pay Google for, but this time for free... and guess what? I tried, ... but I failed. Enough was enough. I said... "I'm mad as hell and I'm not going to take it anymore!" That led me on a journey to "The Darkside." My mission: To rally against

traditional wisdom and use the dark side to "trick" the search engines into sending me thousands of FREE clicks - and to convert those clicks into massive AdSense checks and affiliate commissions. And to do it all in a completely automated, hands-off way... Why was I trying to crack this "darkside" code? I can't tell you that Adwords was ruining me. Far from it. I was already a pretty successful marketer. One you've surely heard of. I was already making well over a million dollars online. I'll get more into that later. But for now all you need to know is that I was searching for "the key" because it was expected of me. Have you ever wondered why some people make a fortune with AdSense while doing far less than the other guys who work three times as hard and make almost nothing? I did. Have you ever thought about the silent undercurrent of affiliates who shun Adwords, and never pay a single cent for traffic... because they get the exact same click, off the exact same keywords for FREE? I did. And so did many of my customers. You see... I was already known for "cracking the code" with Clickbank and frankly... my customers were asking... "When are you going to show us how to make money without going broke with PPC, and when will you show us a simple workable blueprint for AdSense?" So, that's what I set out to do. And I must let you in on a little secret. I failed miserably. It's true... I tried all the tactics the gurus were selling and quickly realized the way I was being taught to do things wouldn't work long enough to make any serious money. I was one day away from announcing I was giving up trying to find "Google's Dirty Little Secret..." "Then on cold, winter night... a fateful meeting changed all that... and changed the direction of my business forever..." That night I discovered a secret weapon. The night I met a man named Alex, but who I will call... "The Insider." Now "The Insider" isn't some jacked up, full of himself "guru." He's not any marketer you've heard of before. He's not famous in any way.
