Peel Away Ads Version_2

[DOWNLOAD HERE](#)

Most of the other corner peel ad software on the market cannot do the following! With Peel Aways Ads version 2, you can choose to: Place your peel in ANY corner of your website Place a peel in only one, two, three or ALL 4 corners if you wish You decide if it opens in the same browser window or a new one (most other scripts only open a new window by default) Easily add your own scrolling animated text behind the small webpage corner curl Easily add your own scrolling animated text superimposed over your large peel ad Control the size and color of animated texts Choose whether to use large 800 x 800px corner peel ads, (as shown at the top of this page), or whether to use smaller 500 x 500px web page corner peels (as shown on this page) Setup is easy with video tutorials included to show you step-by-step how to add Peel Away Ads to your website Full, personalized technical support is also included with your purchase should you need it
