[DOWNLOAD HERE](#)

Email List Management Website Script Written In php With Full Master Resale Rights. If you are looking for an easy to install and easy to use program to handle all of your mailing requirements then look no further. Mailing List Manager will suit your needs. Whether you're starting a new online business or have been in business for years, if you're not following up with your prospects, or if you're paying monthly fees for email follow-up, you may be flushing your advertising dollars and your profits, down the drain. It's a fact that the majority of people typically don't buy (or take a desired action) as a result of an initial marketing contact, even if they are perfectly targeted for the offer. According to a recent research study, 81 of major sales are closed after the 5th contact. Consistent follow-up is crucial to closing the sale. Automate your email campaigns and convert your leads into sales with Mailing List Manager Robust and feature packed, Mailing List Manager is an affordable, easy-to-use software application that installs on your web site. It delivers instant information to your customers, prospects or visitors. Mailing List Manager: is safe and easy to use; costs just pennies to roll out; lowers your operating costs significantly; and increases your profits dramatically! Here are some of its powerful features: Mailing List Manager is a web-based php/mysql program that offers you unique ability to fully manage your mailing list and newsletters. Easy Subscription:- Allows you to easily generate a subscribe/unsubscribe form with the click of a mouse. It then creates the complete HTML code ready to put on the web and start building your massive list :-) Multi-List:- with Mailing List Manager you can run as many different mailing lists as you want all from one easy to use interface. Mass Mail The Entire List From Your Admin Area Archives All Your Mailings Tracks Clicks as well as who out of your list has read/opened the email. Send Personalized Emails To Your List by Just adding special tags wherever you want the subscribers name to appear in the email. ...and much much more. Tags: optin list, php script, reseller scripts, resale rights, master resale rights
