

# Life Skills: Bullying And Conflict (us Version)

[DOWNLOAD HERE](#)

ISBN: 1863976094 Addresses bullying tactics and identifies strategies for both the school and community. Realistic scenarios are used as a starting point for promoting discussion and personal learning experiences specific to the type of bullying that may be occurring, whether it be verbal, social, psychological or physical. Opportunities are given for students to express ideas and feelings through role-play, brainstorming and independent enquiry. Contains an extensive section on dealing with conflict at school, at home or in the community. Strategies include using a problem solving approach to resolve conflicts, with several examples highlighted through the use of discussion cards which aim to consolidate students' understandings of these difficult concepts. For Grades: 1,2,3,4,5,6,7 Author: Jane Bourke (Code: US+Version+Health) (Code: US+Version+Self+Esteem+Life+Skills)
