Remote unlock code for HP ipaq 6515 / HW6515 From Cingular remote UNLOCKING by IMEI only You are looking at an auction for an unlocking service for only ONE HP ipaq 6515 / HW6515 From Cingular . This phone unlock removes the carrier lock placed by many cell providers these days. It enables you to use your phone with any sim card from anywhere in the world regardless which provider you bought it from. Supported Models: HP ipaq 6515 / HW6515 From Cingular How it is Done: All that needs to be done is include your IMEI# and Model in the Paypal notes box when you make the payment.(If you decide not to include this information it is impossible for Us to process your order). The IMEI#: The IMEI Number can be obtained when you enter *#06# from your phones keypad, it will display a 15 digit number (If you have trouble obtaining the IMEI this way you can also find the IMEI on the back of the phone under where the battery is) How long does it take to get the unlock Code? Once your order is processed and unlock code is ready you will be emailed with an unlock code and instructions on how to enter it, Turnaround for this Item is 24 Hours. In the rare case that no unlock code is found for your Pocket PC a full refund will be issued immediately. READ THIS BEFORE YOU BUY THE ITEM: When you unlock the phone it will work on any GSM service provider. This is a Permanent Unlocking. You have a certain number of unlock attempts on your phone so if the code didnt work from the first time stop and send Us an email.
