

Project Genius: Helps You Plan Your Projects

[DOWNLOAD HERE](#)

Here are just some of the benefits of Project Genius: Designed for any type of project. Project size does not matter. Solve the problem of facing a blank page by being able to start a new project instantly. Easy navigation of the project planning process that includes built in assistance with each step as to what you are aiming to achieve. Uses plain language - not symbols and charts. So your project can be used as an effective briefing tool for anybody associated with your project. Virtually Unlimited projects (defined by the total space or disk or 4 gigabytes of data, more than you will ever need). Project Genius can be used by anyone - even if you are new to planning projects. Easily handle multiple projects at once. Exclusive 27 steps to project success sequence. Built in Word Processor allowing text formatting, spell checking and more. Print a single project topic or the whole project. Includes assistance in analyzing your competition as well as your projects features and benefits. Built in brain storming module allows you to not only brain storm an existing or new project but assist you in discovering what project you want to create if you dont already know. Modern software design means you will find Project Genius something that you can immediately start using. Tags: projects, project planning, mrr
