The most effective marketing tool of its kind... A Simple, Beautiful, Effective, Sales Magnet That Grabs Your Visitors' Pleasant Attention and Demands ACTION And Makes Them BUY... There has been a MAJOR change on the internet that has cost internet marketers millions (maybe billions) of dollars. Today we bring you a solution to correct this shift (hence losses), or you risk losing out on thousands, maybe tens of thousands of dollars. Like most internet users, you've probably come across web "pop-ups". Don't you hate them when they pop all over your computer with so many windows you can hardly shut them down? So how do these internet marketers expect to intrude my privacy like this, annoy me, then expect me to buy whatever they are selling on these "pop-ups"? Why is it that so many ISPs have come up with more and more aggressive methods of blocking these "pains in the neck"? But still you find more and more marketers are using them... The reason is that "pop-ups" CAN be very effective and very profitable tools if used properly. Fly-in Ads Creator is a friendly, "layer" that is not blocked by pop-up blockers It has such captivating effectiveness that it closes sales for you and skyrockets prospect subscription every time. ----- Dear Internet marketer, I have seen quite a variation of these tools, and have had a share of their good and bad side. But I thought none of them offered what "I" wanted. You see, I put myself and my needs first as a customer or internet surfer. I then imagine all my customers would like to have what I'd like to have. It was with these unique needs in mind that I decided to create a product that would fulfil these unique internet marketers' needs, at the same time not annoy their potential customers by imposing themselves to their potential customers, but rather provide more effective sales and prospect capture. ...And of course, not get blocked by "pop-up blockers". After all , what use are your ads if your prospects cannot see them? And so I created Fly-in Ads Creator Fly-in Ads Creator is a "secret weapon" for creating wildly successful online campaigns that will boast staggering conversion rates. And make them take ACTION (e.g. BUY). "Pop-Ups" will annoy them, and force your visitors to close your web page, never to return.
