Once you do, the tips and tricks inside will blow your mind... ..here is just SOME of the information you will find inside: What's a good credit score? And at what score should I start

to be worried. Even if you pay all your bills on time, you may still have marks against your credit. See why here. 3 top credit agencies and how to keep tabs on them. 4 ways the credit bureau's look at your lending history - and how important each view is. 3 ways to boost your credit score (and it's not just paying your bills). 10 steps to protecting your identity from thieves who may destroy your credit on their joyride across the country. 4 steps to take right away if you think you've been a victim of identity theft. It may not be too late. 5 common credit mistakes you may commit if you don't know about them in advance. How not having any debts may actually hurt your credit score. How to dispute bad marks on your credit report. After you contact the credit bureau about an error in your credit report, make sure you contact these people next. The truth about "free credit reports" online. 3 ways to start building up trust after a major credit disaster. When to consider declaring bankruptcy. 5 organizations that can help you when you're in over your head. When you should fear credit repair companies. 6 common scams some credit repair companies try and pull. How to use your bank as an ally in your fight against bad credit. 5 ways to curb your spending habit. How to automatically cut down on your spending without beating yourself up. 6 ideas for adding extra dollars to your monthly income. 4 steps to preparing ahead of time for financial emergencies. The secret to changing the way you think about money. 7 most common reasons why credit scores are lowered. 3 reasons why change in your life is not always a good thing. How a simple phone call may help out your credit. When a "late fee" is easily waived. The secret to setting short-term goals to repair your credit yourself. When seemingly small differences in credit scores can have a huge impact on the interest you pay. How to set your finances on autopilot. When refinancing is the best option. What you should always know before talking to a lender. How to encourage a potential lender to look at you instead of your credit rating. How to make paying your bills easier on yourself. How you can take advantage of being a student while trying to repair your credit. The secret to handling student loans (and when you may be able to award yourself a six month grace period on paying your bills). When to take out a loan to repay your debts. Which "cash advance" agencies to stay away from (or you risk destroying your credit). 6 ways to handle the stress of being in debt. And there's MUCH more - guaranteed! "It's Not Too Late To Build A Credit Rating You Can Be Proud Of!" Do you make these common credit mistakes? Did you know that often just one phone call to the right company can save you from getting a knock on your credit? Further knocking down your rating... ...And decreasing the chances that any lender will trust you anytime soon. If it means the difference between getting the loan and not, that one phone call could

mean getting your new car (to replace the old one that might break down on you at any time). One thing I know about people who are in financial trouble, is they are often victimized by people looking to make a buck. Now listen to me good. There are places who really will help you dig yourself out of the hole and repair your credit rating. But there are some businesses out to exploit you. You've probably seen their shops located around town. And still other places hide behind the fact that they're a "credit repair agency." Don't be suckered! When you read my guide I'll let you in on the real world tactics of businesses who are trying to take advantage of vulnerable people... and organizations who really are there to help you. I take you on a guided tour through the credit industry. So that you know exactly why your credit rating may be low. Exactly how to begin repairing it starting today. All in order for you to reclaim trust from creditors, lenders, and renters who are only looking at a number. Financial advisors can charge hundreds of dollars for their consultations.
