New Digital Product Management System..... The Digital Product Management System AUTOMATES Your PayPal Product Sales And Deliveries In A Fully Secure Environment! Dont know PHP from PDQ? No sweat, we said automatic. You do the simple install and the system does all this: * You add a new product with 3 simple fields and click * System Creates your secure PayPal buttons * System Uploads your zip file * System emails download link to your customer after successful purchase * System limits the download link to one use * You can easily reactivate the link for those who miss the download * System uses PayPal IPN (Instant Payment Notification) and PHP to secure sales and deliveries * System foils the Cyber Bandits * System compiles your exportable customer List * The most complicated things you do are to paste the button code to your sales page and upload the page * No Programming or HTMLing of any kind needed. Are you going to continue to squander your precious time manually doing the tedious steps that DPMS does in a few clicks? I hope not, after all, the whole concept of computers is automation to free you to do creative profit building things with your precious time! Digital Product Management System Is a Point And Click program that frees up your time and enhances your Internet Marketing and profitability.
