If you want to have your very own ebook store with 200 best selling ebooks pre-installed, than this turnkey ebook store script is the program for you. When you download this script you will get a complete automated ebook store in PHP/MySQL. There is already an integrated shopping system so all you have to do is install the script and put your adsense and paypal user name into place. The whole process of buying an ebook will be totally automatic. The advantage of this script is that you dont have to know much about PHP or HTML. Everything is already in place and the rest of this integrated ebook store works fully automatic. After the install you can add and change products to your store. You can adjust the prices, change pictures and colors of your store to give your turnkey ebook store script a personal touch. This ebook store website supports different IPN payment systems. I already mentioned PayPal, but it also supports Payu, cPal, Nochex, Wordpay and Stormpay. Next to thee IPN, you could also install Google Adsense into your Turnkey ebook store. With Adsense you have 2 streams off income and all you have to do is insert your pub-code. Installing this ebook store script is very easy as there is a very precise description what you have to do. Some more features are: \*This ebook store is SEO optimized for search engines like Google and Yahoo \*200 Best selling ebooks already installed. \*Customize your design to give your website an unique look \*Works with UK Pounds, US dollars, Euro, Australian Dollars and Canadian Dollars. \* Totally automated checkout system when someone buys your products. \*Much and Much more. If you want to have your very own automated ebook store than this Turnkey ebook store script will satisfy all your needs.
