ClickBank Affiliates!! * Just add your ClickBank Affiliate ID! In just 5 minutes you can begin increasing your ClickBank commissions and put them on autopilot. Are you like me? You have your squeeze page or mini-site all setup. You're getting traffic and people are signing up but you agonize over what to sell and what to write about on your blog and in your newsletter. The blank screen stares at you expecting a response, but your eyes glaze over and your brain begins thinking of what is on TV. You get up for a snack, settle into another exciting episode of 24 and forgot you were going to write those killer emails or blog posts so you can make some money? Does the idea of trying to write world-class copy (that gets response!) cause sweat to pour from your palms and drip from your brow? Do you put off what you know you should do, but just don't get around to it because you're unsure of how to get started or what to write about or how to write messages that generates responses? Then it happens!... another day goes by without anything loaded into your autoresponder or posting to your website or blog that could have earned you a commission! Another lost opportunity! Well, you're not alone... 97 of my subscribers and customers that I have spoken to over the years have a good grasp on how to setup a squeeze page and get decent traffic but when it comes time to selecting, extracting benefits from a sales page and writing killer response-pulling copy, they are less sure of themselves. Crafting your online messages in a way that draws the reader into the copy using techniques like trance inducing language will create a massive increase in your conversions and sales. And if you're like most people online you just want to see results... you don't care about learning the intricacies and psychology of response generating copy techniques! Let me introduce you to Trance Inducing Language. Including Trance Inducing Language in your messages gets your readers' attention and puts them into a highly receptive state of mind. That's all it does. But the results are spectacular! It takes an expert to craft that kind of copy... that's why the most successful online marketers hire the best to write this kind of copy for them. Don't worry - I'm not going to ask you to hire me and even though I do reveal my exact formula for creating killer trance inducing messages below, I'm not going to teach you all of my techniques because that would take too long. If you are like me you want results NOW, not years from now! So instead, I'm going to hand you valuable

pre-written, special messages crafted with Trance Inducing Language for specific ClickBank products that I guarantee will increase your ClickBank commissions for a fraction of what you would be forced to pay a professional trained in these techniques. These are Pre-written Sets, Ready-to-Go Messages that you can use in the next 5 minutes to start earning larger ClickBank affiliate commissions! I say they are ready in 5 minutes and I mean it... you only have to do ONE THING! Include your ClickBank ID in these messages and they are ready to work hard for you! How well do these specially crafted messages work in real-world marketing? Well, I know one person who generated more than \$1,200,000 in online sales using this as his only copywriting technique. This technique gets massive results. Are you ready? This is a million dollar technique: Here it is: "Draw people into your message in a way that suspends their skepticism long enough to convince themselves that if they don't follow you they will be missing out on some key advantage they could obtain from you either now or in the near future." That's exactly the formula I used to create these messages for you! You can induce deep attention or a trance-like state in your audience on command once you learn how. The bad news it's almost impossible to do if you have no experience or haven't been trained to do it properly.... but you don't need to, because I have done it for you! Yep... I've decided to create a series of response generating messages that do the job for you earning you larger commissions. What they really do is help your reader get into a highly focused and attentive state while guiding them to take your Most Desired Action. I love to make money online - automatically. But making money online comes down to how good you are at crafting messages that focuses your readers attention, keep it and lead them to take an action. "5 Minutes To Larger Commissions With ClickBank Affiliate Message Sets" were created using a system that I developed in 2000 to extract the maximum desired response from readers. Each message has a specific job to do and they are created with the reader in mind. Their job is simple: Get clicks-throughs to the product site and pre-dispose the reader to ORDER NOW.
