Adsense ads let you partner with the world's biggest search engine to make money online, and... "Now You Can Turn Any WordPress Blog Into An Adsense Enabled Earning Machine In Under Two Minutes Using The Themes In This Adsense Alive Theme Pack!" Are you looking for an easy way to make money online? Are you a blogger looking to monetize your existing blogs? Or a website owner thinking of adding a blog to your website? Maybe a member of a charity, church group, school band or club looking for another powerful fund-raising vehicle? Why not follow in the profitable footsteps of thousands of other bloggers who are making money online and add Google Adsense ads to your blogs? Adsense ads from a travel-related blog... Adsense ads from a dog-related blog... Let's take a quick look at the Google Adsense program and see why it's so perfect for bloggers looking to make money online... Amongst many other things, Google does two things exceptionally well - classify sites for it's search engine results and offer advertisers extremely targeted advertising. I say extremely targeted because it's focused not just by topic or niche, but right down to specific keywords and keyword phrases! And as the largest, most-visited search engine online, Google covers every legitimate subject you can conceive of - and has found advertisers for most categories... And to be able to provide even more exposure for their advertisers, Google not only shows those ads on their own search engine results pages, but allows other website owners to display the ads as well, splitting the advertising revenue with those site owners. And you, as a blog owner, can enjoy the benefit of their efforts and start making money online with Adsense-enabled blogs starting today! Read through the terms of the Adsense program, complete your application into the program and then use the Google Adwords Keyword Tool to see which terms draw the most traffic in your niche. (As a blogger you're probably already doing just that anyway...) Just to make sure there are advertisers for your particular topic, do a search for your topic on Google - do ads show up above and beside the results? Then there are companies paying to advertise in your niche - time to get your share of that revenue! And the easiest way to get started making money online with Google Adsense is with an Adsense-enabled blog using themes from your Adsense Alive Theme Pack! Best of all, you can blog about the issues or hobbies that interest YOU - you can choose just about any subject to write about, so

be sure to pick a topic you enjoy! And your readers won't find Google Ads intrusive, since they're targeted to the same information that brings your readers to your site in the first place... They're looking for the information your blog addresses, plus you're showing them links to more info and resources on that same topic - a win-win situation! Upload your AdSense Alive Wordpress Theme to your blog's '/wp-content/themes/' folder... In your WordPress dashboard, under 'Appearance', click Themes and activate your AdSense Alive Theme... Click 'Editor', choose 'AdSense.php' and enter your own Google AdSense account number - That's it, You're Done!!! Upload - Activate - Enter... That really is all that's standing between you and getting your blog ready for making money online using Google AdSense ads. And no matter what your niche or topic is, one of these great AdSense Alive Themes is bound to suit it perfectly... No matter how well designed the AdSense Alive Themes are, no matter how little you're investing to download them today, they won't do you much good if you don't USE them... So we're throwing in TWO BONUS VIDEOS with your download today to make sure you get the best use from them! Bonus Video One...
