This PHP MySQL Search Engine Website Script has been Simplified and Minified so that it can easily handle hundreds of thousands of search results. Comes with an Admin Panel area where you can Easily Manually Add Website Urls onto the search engine. Front End Features: * Allows users to search through the Titles and Descriptions * Displays Your Own Advertisement on the Right side of the screen * Displays the Number of Results Displayed * Automatically Changes the Copyright Date on its own every year. Admin Panel Features: * Manual Add Titles, Descriptions and Website Urls * Edit Titles, Descriptions and Website Urls * Send Messages to Any Email From Any Email * Built-in Notepad so that you can keep Notes about Stuff * Optimize and Repair the Database with a single click * Manage Settings, Business Name, Change the Username and Passwords and much more! Who is this For? This script was designed for anyone looking to run there own Search Engine Type Website where they can manually add an unlimited amount of website urls using a nicely designed admin panel. Note: This script comes with simple install instructions and a 1 click script installer to help you easily install it. The installation process is similar to Wordpress, If you can install a wordpress blog you should have no problem installing this search engine script. At first it comes empty with no search results so it may look pretty basic but once its filled it up with some website urls everything should come together pretty well. Works on all Major versions of PHP and MySQL Browser Compatibility: IE.5 + FireFox 1.0 + Chrome Safari Opera Hasn't yet been tested on other browsers but it should work fine.
