

# Fan Grabber Software With Resale Rights - Email Harvester

[DOWNLOAD HERE](#)

Fan Grabber Software is ... An email extractor for Social sites under your niche targeted keyword.

WHAT? And the main secret way to use it, TJ just showed you how to boost your fans IMMEDIATELY!

So lets Re-Cap this As a user of the software: 1. You set your search settings 2. Enter your keyword 3.

Choose which Social Network you would like to scrape 4. You click two buttons 5. And you save all the

emails it just extracted 6. Then you use TJs little tip for uploading bulk fans to Facebook AND THATS IT!

Searches related to: email crawler, email extractor, email harve, email spider, spider, spider tool, email

address extractor, email harvester software
