Trying to break into creating your own informational products? Having problems selling the ones you've already created? Need a way to boost your conversion rates AND your profits? Then listen up, because I'm about to show you... How one man made over \$3,000 in just 7 days by selling a 30 page report for \$7. There are hundreds of "gurus" online who want to sell you products for \$297, \$497, \$997 or more that they claim will show you how you can earn a living online. Don't buy them. I'm going to show you how to do it all for only \$7--and I'm going to give you the scripts that I use to make it happen for free. Using my new \$7 Secrets method, I generated over \$3,000 in just 7 days with one thirty page report. Read on to find out how. Dear Friend, Now that I have your attention, and you have the proof, let me tell you what all of the "gurus" are claiming these days--and why they're all wrong. You see, the "gurus" of Internet Marketing want you to believe that you have to invest hundreds or thousands of dollars in their products in order to have the knowledge you need to earn a great living online. They want you to think that there's great hidden secrets that only they have, and the only way for you to get a hold of them is to break out your credit card and start spending loads of cash. The truth is, there is a hidden secret. The secret is that these guys are scamming people, and nobody seems to know it! Let me ask you a simple question. Think hard about this question, and apply the common-sense, logical answer against everything you've ever been told by the "gurus". The question is... Which item do you buy without thinking about the expense: a McDonald's lunch for one person or a new computer? Two magazines at the newsrack or a new refrigerator? A few gallons of gas, or a plane ticket? The answer should be obvious. Most people don't sweat buying something that only costs a few dollars. They just buy it, use it, and throw it away when they're done. No big deal. Hundreds of millions, if not billions, of people buy items like this every day. Do you know who the #1 wealthiest company was in the USA in 2006? Exxon Mobil. What does Exxon sell? Gasoline. How do they sell it? One gallon at a time. Do you know who the second wealthiest company was in the USA in 2006? Wal-Mart. What does Wal-Mart sell? Mostly cheap little items. Well I'm about to show you how Jon Leger used the theory of selling one inexpensive item MANY, MANY TIMES to earn over \$3,000 in just 7 days. Imagine, day after day, having dozens or hundreds of \$7 deposits in your

PayPal bank account, with almost no refunds or customer support--ever. What an easy way to earn a living that would be! You can have that life. I'll show you how. To teach you all of this, Jon Leger created a report called \$7 Secrets. It's a knowledge-packed report that will teach you everything you need to succeed by selling small, informational reports for only seven dollars each. If you're serious about your online marketing business in 2007, you will get this report, plus the free scripts that it comes with, right now and read the report today. Can you guess what it will cost you to get this incredible money making information, information that can blast your profits through the roof? That's right: \$7. Yes, for the price of a fast food dinner you will have all of the information and software you need to jump full force into the realm of creating and selling seven dollar reports for massive profits. Why \$7? I'm only charging \$7 for this report, and not giving this report away, for 3 reasons. \$7 puts the report within reach of the vast majority of people. It's not too expensive for even the humblest beginning online businessperson. Anyone who's not serious enough about their marketing efforts in 2007 to invest \$7 into this report isn't going to take the time to use the methods laid out in the report anyway. Anyone who is serious enough to put down the price of a fast food dinner and buy this report has the opportunity to sell the report to others and get the FULL PRICE of every copy they sell directly in their own PayPal account immediately. More details on how to do that are in the report. If you're thinking, "\$7 is so cheap! What's the catch?", then you really need to read this report! It explains why \$7 is the magic number you need to seriously think about using. So if you're serious about your online business in 2007, and if you would like to start earning a great living online by easily creating small reports and selling them for \$7 each, click the "Buy Now" button below. If you need to justify the expense, skip going to McDonald's for dinner once this week and it's paid for. Get Your Copy Now For Only \$7 including Master Resell Rights Seeking YOUR Success, Mustafa Saygilar P.P.S. Seriously, for just \$7 Jon Leger teaches you the method he used to sell hundreds of copies of one of his reports in just 7 days, earning more than \$3,000 in that short period of time. He even gives you the scripts he used to make it work. Did I mention that he also added 450 people to his email list in that 7 days using this method? How can you pass on all of that? P.P.P.S. If the report isn't enough, remember, after buying you can turn around and resell the report to your list (or with a link on your website). In 20 minutes you can make that \$7 back times 10, 100, or even 1000! You get the FULL \$7 directly to your PayPal account for every sale, the instant it's made.
