

Multistage Fitness Test - Bleep Test

[DOWNLOAD HERE](#)

These zipped files provide a fitness test you can use at school in your sports-club or any other surrounding where you have 20 meters of space and an audio device. Goal: Make as much intervals (20meters) as possible between the beeps on the audio-file. Later fill in the excel-sheet to find out your V02Max level and compare it with the age-scale
