Search and Monitor Expired Domain PHP Software Search and monitor expired or soon-to expire domain names with a click of a mouse. Check the status of more than 15,000 domain names simultaneously EVERY 20 SECONDS! YES, with well over 20,000 names expired daily and a large number of names being snapped up each day, good domain names with high traffic and high resell value are truly hard to find. Therefore if you want to grab a handful of valuable names through the millions of domain names, you definitely need the right tools to do the right job. Just imagine trying to find these domain names for hours and hours each day and with no results! So it is really important that you have the these tools to save you time and to help you get the domain names you want before someone else gets it.
