"Here's An Easy Way To Create A Popular Product To Profit With - And All It Takes Is Just Two Hours ..."
PLUS - A Special Bonus For You: If You Order Today You Also Get Full Resale Rights To This Product And Website So You Can Sell It Yourself And Keep Every Single Dollar You Make! Hi, I'm Louis Allport, CD products are making a lot of people a TON of money (you'll find two million-dollar case studies further down this page). AND - if you know how, they can be incredibly quick and easy to create - and - can be considerably more profitable for you than just offering downloadable products. Here's why: * You get Increased customer loyalty - your customer receiving a product through the post and having it on their bookshelf creates more attachment to the product (and more interest in your other products - especially if they have a 'collector' mentality as many people do) than just another PDF sitting on their hard drive which is instantly forgotten about. * You get extra marketing influence for free - not only do physical products remind your customer about you and your sites weeks, months, even years after the initial purchase, but if it's ever sold (on eBay for example), the product keeps marketing for you and can turn that 'second hand' customer into a customer buying from you directly. * You can reach a MUCH larger market - not everyone is comfortable with purchasing downloads, or even buying online. With physical products you can deliver something tangible to your customer, and also market through other avenues not available with digital products, such as: drop shipping arrangements, wholesale arrangements, retail arrangements, catalogs... * You can charge more - physical products have a higher perceived value as your customer is receiving something solid, something real, and this automatically gives it a higher perceived value than a download-only product ... which gives you the option of charging potentially considerably more. * You can increase sales - with physical products, you can offer your visitors "try before you buy". In other words - they just pay shipping now, and then if they don't return it within 30 days (or 45 days ... or 60 days ... as you choose), they automatically get billed the full amount. This can greatly increase sales, and this is NOT something you can easily do (or really would want to attempt to do) with a digital only product. And creating your own unique CD products can be incredibly quick and easy - whether you're looking to make an extra \$200 a month on eBay, or you're looking to start a publishing

Empire... Two Real-Life Examples Of Million Dollar (And Then Some) CD Publishing Businesses... Will YOU Be The Next Success Story? Case Study #1 This CD publishing business doesn't do anything particularly new or exciting (you'll discover the exact address of the site inside this product).. All this company does is create IT coaching on CD. You put one of their CD's in your computer and it talks you through learning Microsoft Word, Excel, PowerPoint ... and many other PC software programs. These CD's start at FREE (with a couple of dollars for shipping), and go all the way up to \$30 for more advanced video coaching topics. This company even sometimes sells hundreds, even thousands of one CD in one sale - delivering to Government departments, schools, colleges, and large companies. Just offering these products on CD has built a thriving business over the past years, and is just one example of what's possible with CD publishing. Case Study #2 A site that started small just selling a limited range of CD products for the PC, and is now releasing around one new product per day (many of them created from public domain content), has many of their products listed on Netflix (so that they can be ordered by their customer base of millions), and is growing so quickly that the business is actively seeking a stock market listing - all by just selling CD products! See the potential of selling CD products? Here's how you can get started right now... I've put together eight coaching videos showing you exactly how to create CD products very quickly and incredibly easily. And you don't need any special equipment. If you have: * A PC * A CD writer drive in your computer (these are VERY inexpensive to buy) * A printer (almost any type should be fine) That's all the equipment you need to get started in this easy to start and run business, with massive potential. These very easy-to-follow CD Product creation tactics come in the form of eight brand new videos you view directly at your computer. I've bundled these powerful videos into a product called Instant CD Products: These eight videos come to a total playing time of 83 minutes. Here's a quick run down of exactly what you get: Video One (9 Minutes) Here you'll discover how to make your CD's start automatically as soon as they're placed in your customers CD drive. Video Two (11 Minutes) In this video I'll talk you through how to create 'templates' that make your CD creation process a lot faster and easier. Video Three (6 Minutes) Here I'll talk you through creating an introduction page for your CD's. Video Four (14 Minutes) In this video I'll talk you through a step-by-step example of putting together a menu screen for your CD (I guarantee it's a lot easier than you may think). Video Five (16 Minutes) Here I'll talk you through how to add audio and video to your CD's. Video Six (15 Minutes) In this video I'll talk through where to find great ideas for products, two case studies of million dollar CD publishing businesses, and a

little-used but incredibly powerful way to easily and instantly increase your sales by as much as 300!

Video Seven (4 Minutes) Here I'll talk you through how to put together a CD insert the right way to increase customer loyalty as well as sales. Video Eight (8 Minutes) In this video I'll talk you through the exact tactic I use for creating unique CD labels in five minutes flat. For PC's Only - Not For Mac I must tell you that this eBook only works (to my knowledge) on PC's. If your computer is running Microsoft Windows, you won't have any trouble at all viewing this eBook successfully. However, if you're on a Mac you'll more than likely have trouble viewing it. A Great Product + Resale Rights = BIG Profits For YOU I'm sure you know there's a ton of eBook resale rights around these days. BUT - if you really want to make money selling an eBook you have rights to, you need: * A very high quality product. * An effective sales letter. * A professionally designed website with great looking graphics. Now - this eBook is brand new. Get a copy now, start promoting it immediately and you'll make the most profits. Wait a day or a week or a month, and literally more and more profits will pass you by. Now, I'm certainly not saying this to brag, but I wrote this sales copy, and my copy has sold hundreds of thousands of dollars worth of products online, if not millions of dollars worth. AND - from very affordable eBooks like this one. Don't believe me? Then search Google for "Louis Allport" and see what you find. Now, the Google index does fluctuate for many reasons. But right now (as I'm writing this), I see several thousand websites selling my products. Even if each one of those sites is selling just one copy of a \$20 eBook a week that I wrote the copy for, that adds up real quick. My copy and products have made many people a LOT of money over the past two years. They can make YOU money too - all you need to do to get started is grab a copy of this product. And just by having a copy of this product, you can sell it or present it pretty much any way you choose. You can even turn it into a physical product by putting it onto a data CD or a DVD. This would make it a good way to sell on eBay. It's totally up to you! It's More Than A 90 Day Guarantee - It's A Promise Unlike most people, I'm not going to bury my guarantee and hope you forget about it. I'm putting it here - right out in front. And you're reading it now because you really can't miss it in this bright yellow box. That's the point. I'm this bold, because I know you will LOVE this product, and find it hugely valuable. But, if for any reason for up to 90 days (that's a whole three months) after purchasing this product you choose it's not for you, all you have to do is use the simple contact details at the bottom of this website for a full, prompt, and no quibbles refund. I'm telling you this so that you realize there really is absolutely no risk to you at all. If you're interested in the resale rights and selling this product yourself, I'm sure you realize that the sooner

you get a copy, the more you will profit. The longer you wait, the more your competition will pick off your customers. This video eBook is only \$5.00. Download your copy today! Sincerely, TRACY YATES & Louis Allport (Author) P.S. Interested in selling this product yourself? If you snooze, you will lose. This product is brand new. The sooner you get a copy and start marketing it yourself, the more money you can make. The longer you leave it, the more your competition will sell to YOUR customers. Even just one or two sales and you've made your tiny investment of \$5.00 back. After that - it's all profit for you. Order your copy now.
